

TEXAS IS IN THE HANDS OF
BUSINESS MANIPULATORS
AND FACING DISASTER

Freight Rates Are Thirty Times Higher From Bryan To Houston Than From Houston To Hamburg—The Railroad Transportation To Blame For Farmers Troubles.

The Eagle in conversation with Railroad Commission Earl B. Mayfield raised the question that unless there was some relief in the high freight and passenger rates in Texas the Texas Railway Commission might as well be abolished as it was not being allowed to function by the interference of the Interstate Commerce Commission in granting unreasonable rates to shippers. The railroads argue that under the prevailing conditions and the restrictions and charges in business that higher rates are necessary. The Eagle further raised the question that both passenger and freight rates by the railroads would destroy the stockman, farmer and truck and fruit growers of Texas pointing out that a ton of cabbage brought the producer \$6.00 per ton and in three days sold in Dallas at \$140 and then was served to the ultimate consumer at \$2.250 per ton. Commissioner Mayfield has since delivered an address at Tyler before the East Texas Chamber of Commerce setting forth these facts that apply equally to every product raised in Texas. Following this a conference will be held Monday in Dallas with representatives of the Interstate Commerce Commission to ascertain legally the facts that are well known to every citizen of Texas who has studied the conditions that now confront the farmers, stockmen and fruit growers. Unless there is a lower freight rate and more efficiency in the marketing conditions disaster confronts those who produce and market the raw materials. The Eagle knows that the railroads are not giving the producers a square deal in Texas and that many other persons are taking illegitimate profits. In fact when the farmer is paid only \$6.00 per ton for cabbage at the Rio Grande Valley and the consumer three days later pays in Dallas \$140 for the same cabbage, there is an injustice and a wrong committed against the economic laws of the land. What applies to cabbage applies to cattle, hogs, turkeys, eggs, peaches, potatoes, tomatoes, water melons, corn, wheat, oats and cotton. The system is wicked and pernicious and without justification.

The Bryan Cotton Oil Company paid freight on fifty bales of cotton lint from Bryan to Houston over the railroad \$197.88. The distance is 100 miles from Bryan to Houston. The same cotton was shipped from Houston to Hamburg, Germany, for \$141.45, a distance of 3,300 miles. The distance is thirty times greater from Houston to Hamburg and the freight is \$56.43 cents less. This is not only a calamity but is a crime. The railroads declare it is the labor unions and the unions declare it is the railroads. Where you are in a nutshell. The railroads are running their freight cars only two hours per day when they should run eight full hours. The South is paralyzed in the matter of transportation and in efficiency. The Eagle believes the railroads and the labor organizations must see the injustice of their contentions. If they do not sooner or later the producing people will go on a strike that will make the world take notice. The Commune and the Cormorant need reformation and the Augean stables ought to be cleaned out. If the people will come out and denounce these practices sooner or later outraged public sentiment will force an abandonment of the methods that are damaging, illegal, unlawful and unpatriotic and every man will receive a just share of profit on the labor and service performed. Will they denounce these criminals acts against the prosperity and business of the country?

If these conditions continue sooner or later the cities will have to give up their floating population and men and women will be forced back to the farm to produce meat and bread or face disaster. Extravagance, waste and inefficiency is now running riot in the face of conditions that are going to try the courage and patriotism of every citizen of Texas and the United States.

CRIMINAL DOCKET
IN BRAZOS COUNTY
DISTRICT COURT

The 85th District Court of Brazos County will conclude the February-March term Saturday, March 26 and District Judge W. C. Davis will sign the minutes of the court. The application for a new trial in the One and Horace White murder case will be heard this week and if the motion is overruled Judge Davis will sentence the defendants for twenty years in the State penitentiary in accordance with the verdict of the jury. These cases were brought here on a change of venue from Harris county. On Thursday Judge Davis will appoint the jury commissioners to draw a list of jurors for the next term. Orders in the following cases have been made at this term:

Criminal Docket
Sim Walker, swindling. Verdict of "not guilty" by the jury.
Wilburn Gator, having possession of equipment for the making of intoxicating liquors. Continued by agreement.
Joe Scanlon, refusing to stop and render assistance to occupants of buggy after collision with same. Verdict of "not guilty" by jury.
Onie and Horace White, murder, transferred from Harris county to Brazos county. Verdict of guilty and given twenty years in the penitentiary by the jury.
Tom Brooks, burglary. Given two years in the penitentiary by the jury. James Earl, swindling. Bail fixed at \$800.
Lawrence Williams alias L. B. Williams, swindling. Bail fixed at \$500.
Colbert Wilson, arson. Verdict of "not guilty" by the jury.
Lee Taylor, alias Bud Taylor, keeping gambling house. Verdict of "not guilty" by the jury.
Frank Menett alias Red Menett alias Roy Woods, assault to murder. Verdict of guilty by the jury and punishment fixed at two years in the state penitentiary. Defendant was sentenced by Judge Davis this case to follow a term of prison sentence in Kaufman county known as case No.

\$26 in the district court of Kaufman county to be five years and this sentence will begin immediately after its conclusion.

James Kindex alias Bright Eyes forgery. Bail fixed at \$500.

Lonnie Wiggins, assault to murder. Verdict of jury finding defendant guilty of aggravated assault and punishment fixed at \$25 fine.

Leonard Dudley and P. S. Sealey, passing forged instrument. Bail fixed at \$500.

A. E. Thompson, abortion. Verdict of "not guilty" by the jury.
Walter Kelley, rape. Bail fixed at \$1,000.

Wayne Davis, theft of one head of cattle. Verdict of not guilty by the jury.

The misdemeanor docket is now being considered by Judge Davis and a number of fines are being collected by Sheriff L. E. Morehead. The term of the court will end Saturday, March 26.

Petit Jurors This Week
The following jurors were sworn in Monday morning for the week: Roy Ball, A. N. Carroll, V. J. Boriski, A. W. Schultz, T. A. Adams, J. E. Vincent, Tobe Curlee, W. C. Rains, S. S. Clay, Jno. Sabo, Z. L. Jones, Luther Holland, Jim Tobias, W. H. Buchanan, J. H. Lindsey, E. A. Hensarling, R. R. Shaw, Jno. A. Boriski, Jno. Kasorek, Adolph Plagens, Dave Munday, J. W. Hawthorn, J. T. Griffin, R. F. Crenshaw and John Whitten.

FORMER COMPTROLLER
TERRELL IS DEAD

(By Associated Press)
San Antonio, March 24.—Henry B. Terrell, former State Senator from McLennan county and state politician died here today after a prolonged illness. Senator Terrell served several terms in the legislature, two terms as state senator and he was mentioned as gubernatorial candidate in last campaign but failing health prohibited him making the race. His body will be sent to Austin for burial.

FOR SALE—A separator, practically new and in good shape. Address C. M. M. care the Eagle.

SHOE POLISHING CO.
LEASES PLAZEK BUILD-
ING AS HEADQUARTERS

The Bryan Automatic Shoe Polishing Company has leased the lower floor of the Elks Hall known as the Plazek building and is fitting it up as the permanent headquarters of the company which was recently chartered in Austin for \$75,000 to manufacture the shoe polishing machines. About \$10,000 worth of machinery is now enroute from the factory to Bryan and will be in place about April 15. Under the direction of Supt. P. P. Cooper of Cleveland, Ohio, a dozen machines will be put on the market at once. Hon. T. M. West, a wealthy citizen of San Antonio, has asked for estimates on the cost of the machines and proposes to open one of the largest shoe shine parlors in the South including perhaps a dozen machines in one of the big buildings in the Alamo city. Mr. West is a member of the Texas Legislature and of the West family in Western Texas, owner of much city property and many cattle ranches in Southwest Texas.

President J. L. Edge and Manager C. A. Harris have a few thousand dollars worth of the stock of the company for sale and will place the amount tomorrow, Thursday, in the hands of those who wish to buy. This stock is sold for manufacturing purposes and when the present issue is disposed of there will be no more for sale by the company. The board of directors will meet Thursday night at Dr. P. M. Rayson's office and is composed of the following citizens of Bryan: J. L. Edge, Judge W. C. Davis, C. A. Harris, N. A. Stewart, Lee J. Rountree, J. S. Doane, G. J. Nedbalek, Major L. L. McInnis and Dr. P. M. Rayson.

A NEW MECHANICAL
BUILDING SOON TO BE
ERECTED AT A. & M.

Plans are being drawn at A. & M. College for the immediate erection of a \$150,000 mechanical building. This new building was authorized in the Emergency Appropriation Bill passed by the legislature at Austin and approved by Governor Neff last Saturday. Dr. W. B. Bizzell, president of the College asked for \$25,000 as an emergency for new machinery which was not agreed to by the Board of Control. This amount was placed in the Emergency Bill for the equipment but Governor Neff holds that as the new building progresses the amount of machinery can be decided on at the special session in June. The \$25,000 item vetoed by Governor Neff was proposed to the appropriation committee by Representative Rountree and passed out unanimously. The House and Senate passed the \$25,000 item without a dissenting vote. The machinery will be badly needed by the opening of A. & M. College in September as reported by Prof. E. J. Fernier, director of the department and will no doubt be placed in the regular appropriation bill.

STEEP HOLLOW CLUB
PLANS FOR FIELD DAY

County Agent C. L. Beason reports a most interesting meeting of the program committee of the Steep Hollow Progressive Agricultural Boys' and Girls' club. Tuesday night at I. M. Cook's home. The committee has entered enthusiastically into the work and the character of programs they are planning for the club will, evidently be most interesting and helpful. Not only the club members but also to the entire community as well. The personnel of the program committee bespeaks the wisdom of the club authorities who made the appointment. The committee is composed of the following: Misses Ethel Tobias, Laura Mims, Katie Hall, Annie Laurie Etheridge, Jewel Mathis, Mrs. I. M. Cook, and W. J. Stone. In order to receive expert advice on their several club projects, such as the raising of baby beavers, standard bred poultry, balanced ration for the dairy cow, or brood sow, better varieties of corn and cotton the club will join other clubs of the county and enjoy an entire field day with specialists at A. & M. College, Wednesday, April 13. Dean E. J. Kyle and Extension workers will be asked by County Agent Beason to assist in arranging the most interesting program possible, not only for the club members who attend, but also for all the farmers and farm women who accompany their children.

RAILROAD OFFICIAL
FOUND DEAD ON TRAIN

(By Associated Press)
Galveston, March 24.—A. C. Torbert, Secretary-Treasurer of the Gulf Colorado and Santa Fe railway was found dead in a berth on the Santa Fe train today. He had been in Ft. Worth on company business, leaving for his home in Galveston last night and asked the porter to awaken him before reaching Houston this morning. Mr. Torbert has been with the Santa Fe for more than thirty years.

BRYAN WOMAN'S CLUB
PURCHASES LOT FOR A
PERMANENT HOME

At the close of its twenty-sixth year, the Woman's Club of Bryan enjoys the highest mark of efficiency, progress and achievement yet attained since its organization. The club calendar for 1921 closes April 6th, leaving only two more meetings for the year, and although the course of study has been a hard and strenuous one it has brought a feast of literary merit to the club, unsurpassed in its history. Every woman has done her best, and therefore every member has received benefit and pleasure from the years' work. The meeting of the club on Wednesday was of more than usual interest, because of the splendid program, and also because the club took final action on the building of a club house, by voting to purchase a lot suitable for their long dreamed of Club Home.

Mrs. S. C. Hoyle, president, prefaced the business session with a few timely remarks, laying stress on the fact that she was very anxious that every woman in the club vote on the purchase of the proposed lot for the building of the club house, as she, individually thought best, so, that the final action of the club in this very important matter, would be the voice of the majority. Forty-eight members and three visitors were present, and the vote taken was an unanimous one. Mrs. A. M. Waldrop, of the Club House committee made a full report of all property, offered, and the price and terms made on each lot. At the close of the ballot, the decision of the vote was read as follows: To purchase from M. F. Dansby, a lot 65 feet front by 115 feet, facing 26th street, and adjoining the home property of J. M. Gordon, for \$1800. The plans for the club house are being prepared, and will be in the hands of the club house committee very soon. Authority for purchasing the property, making all payments, contracting for the building of the club house and other necessary arrangements was given into the hands of the Club House committee, which is composed of the following women: Mrs. E. H. Astin, Mrs. R. S. Webb, Mrs. Marshall Dansby and Mrs. A. M. Waldrop.

When the business session had been concluded, Mrs. M. Hettie Curry, leader of the program on "Original Work" took charge of the meeting. Mrs. Curry, as chairman of the Literature Committee of the Texas Federation, member of the executive board of the Fourth District and incoming president of the Bryan Woman's Club holds her places of usefulness with ability and grace and led the splendid program she had arranged for the afternoon in an interesting manner.

That more than usual talent is to be found in the membership of the club is a proven fact, but that such a brilliant array of original composition in literature and music would be offered in the afternoon's program was beyond the hopes of the most ambitious admirers of the club. Mrs. Sims, who is a club woman of National reputation, and who has the opportunity of visiting clubs all over Texas and the South and East, voiced her appreciation of the Bryan Club women when she said "I have been with club women from Florida to New York and from the Atlantic to the Pacific, and I tell you, the Bryan women surpass all, I ever yet have met; and I tell you I am proud of every one of you." The splendid program of the afternoon follows:

Leader—Mrs. Hettie Curry.

"The Texas Flag"—Mrs. Mills P. Walker.

"Toast to the Bryan Woman's Club"—Mrs. E. Kennedy.

Poem—"Texas"—Frances M. Taylor, High School recipient of the local club prize for original verse.

"Ghost Story"—"The Mysterious Rine"—Mrs. M. W. Sims.

Musical Selection—"Cecile." Reverse in C Minor—Mrs. R. S. Webb.

Poem—"Our Country"—Mrs. L. L. McInnis.

Poem—"Bonnets"—Mrs. H. C. Fulgham.

Short Story—"The Last Chapter," or a "Study in Atmosphere"—Mrs. J. C. Nagle.

Musical Selection—"Improvisation"—Mrs. Hendrix Conway.

Short Story—"The Test"—Mrs. Frank L. Webb.

November 11 Known

AS "VICTORY DAY"

Austin, March 23.—November 11 is now a legal holiday in Texas. The bill by Senator Rogers designating that day as "Victory Day" was signed by Governor Neff today. This celebrates the signing of the Armistice with Germany in the World War.

The Governor also signed the bill appropriating \$550,000 to pay the debts of the penitentiary system of Texas; also the bill putting the state highway system under the control of the Legislature.

Betting on any election in Texas was also made a misdemeanor today when the Governor signed the bill to that effect.

IMPORTANT NOTICE
The County Educational Committee of Brazos county is called to meet at the court house at 3 p.m., Saturday, March 26.

DIRECTORS MEETING OF
COUNTRY CLUB HELD

The directors of the Country Club held a business meeting at the Club House Friday evening of last week and takes pleasure in announcing the names of R. A. Olivera, Lee Mayfield and L. G. Williams as elected Associate Members of the Club.

The affairs of the club's finances, opening reception arrangements, beautification of the grounds, house rules and ground rules were disposed of in the course of the meeting. Everything will be in readiness for the opening reception on Friday evening, April 1st. Arrangements have been made to accommodate up to fifteen hundred people and it is expected fully that number will be present for the reception. Admittance to the grounds will be by card only. Every member will be required to display his due card for the current period and every visitor will be required to surrender his courtesy card at the gate. Refreshments and music in keeping with the occasion have been provided. The furnishings for the house have arrived and will all be in place.

The Directors on behalf of the Membership extended a special vote of thanks to the special committee appointed for the beautification of the grounds composed of C. L. Beason, Charles A. Felker, R. O. Allen and J. R. Sims, accepted their report of their work so far accomplished and voted to continue the committee. During the past weeks this committee has set out some four thousand hedge plants, a number of palms, arbutus, Italian and Arizona cypress, oleanders, ligustrums, have sowed several acres of the grounds in bermuda grass and have from a hundred to two hundred trees on the way to be set out on the property. A special vote of thanks was extended to Mr. Charles A. Felker, who secured the above evergreens and trees without expense to the club.

Directors attending the meeting were: J. W. Batts, Wilson Bradley, Travis B. Bryan, C. M. Cole, J. E. Covey, R. W. Howell, M. H. James, Milton B. Parker, O. E. Saunders, John C. Vick and A. M. Waldrop. The fishing and boat pier for the lake is in process of construction and will be completed as soon as possible.

EASTER EGG HUNT

Mrs. G. C. White, superintendent of the primary department of the Methodist Sunday School and her assistant teachers: Miss Lillie Hall, Mrs. J. L. McKee, Mrs. W. L. Porter, Mrs. T. B. Poole, Mrs. J. W. Black, Mrs. A. E. Worley, Mrs. J. B. Priddy and Mrs. T. A. Adams, superintendent of the Cradle Roll will give an Easter egg hunt and party at the home of Mrs. White, Saturday afternoon at 4:00 o'clock. Every child in the primary department of the Methodist Sunday School is invited and expected to be there and their mothers are cordially invited to come and bring them.

COMMUNITY MEETING
HELD AT KURTEN WED.

Kurten, Texas, March 24.—A meeting of the local boards was held at Kurten Wednesday night for the purpose of planning the consolidation of the six schools in that community. A large crowd was present and all heartily endorsed the plan. The following men were there to represent their school, from Kurten: Henry Kurten, Jack Lawless, A. W. Stephener, from Fickey, Antonio Conrod; from Reliance John Loyd, Joe Loyd, Walter Loyd and Z. Jones. A campaign was launched to interest the people in that community and community meetings will be held as follows: Reliance, Friday night, March 25; Kurten, Wednesday night, March 30; Fickey, Monday night, March 28; Bowman, Thursday night, March 31. Time for Prospect and Wixon will be announced later.

CONSTABLE MOORE IN
AUTOMOBILE ACCIDENT

Constable Claud Moore, of Edge, while returning home from Bryan Wednesday night had the misfortune to overturn his car and in the fall his shoulder was dislocated. Constable Moore was pinned beneath the car for sometime but finally extracted himself and started to walk back to town. About 2 o'clock this morning he was found by Alex Capps and taken home where he received medical attention. This is the second accident Constable Moore has had during the past few months. Luckily his injuries were only painful and not serious.

ZETOS TO VISIT ITALY

Mr. and Mrs. Frances Zeto and daughter, Miss Laura Zeto have applied to District Clerk J. W. Barron for an application for passports to be received from the State Department at Washington to allow them to visit their former home at Naples, Italy. The Zeto family have been in the United States fourteen years and have become citizens and joined in all the religious and patriotic activities in this country. They expect to sail from New York for Italy on their visit about April 6th.

THE EAST TEXAS
CHAMBER COMMERCE
ELECTS NEW OFFICERS

(Special Dallas News)
Tyler, Texas, March 23.—The East Texas Chamber of Commerce adjourned at noon today after having elected Milton Farrier of Omaha as president, O. M. Stone, Jasper; W. G. Dodd, Huntsville, and Sam Greer, Pittsburg, as vice presidents, and having elected A. L. Burge, Tyler, general manager and Clay Hight of Tyler, secretary-treasurer.

Resolutions were adopted this morning thanking the Tyler Chamber of Commerce and citizenship for entertainments, thanking the press and the officials, expressing confidence in the new president and endorsing the Texas Farm Bureau Federation. A rising vote of thanks was extended to Colonel J. B. Mayfield, chairman of the board of directors.

Officers Elected at Banquet.
The new president was elected last night at the annual banquet, attended by more than 300 prominent business men of East Texas. A. F. Sledge, president of the Tyler Chamber of Commerce, said there was need for a new interurban to connect Tyler with Dallas by extending the Terrell interurban, now building, to Tyler and intervening cities. Colonel J. B. Mayfield was toastmaster and talks were made by A. L. Burge, Tyler, and Henry Edwards, Troup, who advocated an East Texas Junior Agricultural College. George B. Terrell, commissioner of agriculture; Victor H. Schoffemayer, field editor of The Semi-Weekly Farm News; Colonel E. W. Kirkpatrick, president Texas Industrial Congress; Gus F. Taylor, Tyler; H. W. Vanhovernberg, sanitary engineer of the Cotton Belt; H. L. McKnight, Nacogdoches; S. W. Adams, San Augustine; F. R. Senor, Jefferson; W. A. Orr, Livingston; Sam Greer, Pittsburg; Mayor C. L. Duncan, Mount Pleasant; W. H. Nabors, Wimbrow; O. M. Stone (Jasper), who nominated Milton Farrier for president; Seth Mayfield, secretary Waco Cotton Palace; O. M. Scott, Mount Vernon, and Z. E. Black of the Dallas Dallas Chamber of Commerce.

Directors were elected as follows: J. B. Mayfield, chairman; O. C. Mulkey, Commerce; O. M. Stone, Jasper; Sam Greer, Pittsburg; W. A. Nabors, Wimbrow; G. W. C. Orr, Livingston; J. M. Kurts, Lufkin; C. L. Duncan, Mount Pleasant; G. S. Northcutt, Longview; Lee J. Rountree, Bryan; H. B. Johnson, Center; Milton Farrier, Omaha; S. W. Adams, Nacogdoches; H. L. McKnight, Nacogdoches; W. G. Dodd, Huntsville; C. A. Bland, Beaumont; F. R. Senor, Jefferson, and E. B. Alford, Henderson.

To Attend Dallas Hearing.
Stress was laid this morning on the necessity of sending a large representation from all parts of East Texas to the Interstate Commerce Commission hearing in Dallas next Monday on truck and fruit freight rates, fear being expressed that present high rates will ruin truck growing in East Texas. Cone Johnson will head the committee as spokesman.

Others of the committee will be Charles A. Bland, Beaumont; E. M. Gleason, Texarkana; W. G. Dodd, Huntsville; W. A. Nabors, Wimbrow; S. W. Adams, San Augustine; H. E. Cannon, Henderson; G. S. Northcutt, Longview, and Dan F. Smith, Pittsburg.

John S. Kerr of Sherman addressed the meeting on the value of fruit and truck raising in East Texas, terming fruit the salvation of this section.

W. G. Dodd told of Walker county ribbon cane syrup marketing and urged cooperation and standardization on this profitable crop. A. L. Burge reported the East Texas Chamber of Commerce marketed 36,000 gallons of syrup last winter. J. B. Mayfield declared standardization is the very essence of all such marketing plans, and syrup can be made a most profitable crop. Jerry Davenport of Longview urged co-operation with the Texas Farm Bureau Federation along marketing lines.

The resolution committee was composed of S. W. Adams, San Augustine, Sam Greer, Pittsburg, and W. G. Dodd of Huntsville. Its report was unanimously adopted.

RED CROSS CONTEST
THURSDAY AT HEALTH CENTER

The Red Cross announces another weighing and measuring contest to be held at the Red Cross Health Center, Thursday afternoon from 2:30 to 5 o'clock. All mothers who had children weighed in the contest last November are urged to bring the children to this meeting and have them weighed again, so that their record cards may be kept correctly. In many cases the diet plan for growing children as given out at the Health Center, and followed by the mothers, has resulted in a great improvement in the children, and in such cases, the record of weight is very encouraging and helpful. Mothers who have not yet entered their children in these Red Cross contests are especially urged to come on Thursday, as it is greatly desired to enlist as large a number as possible in this vital and important educational movement. Remember the day, Thursday, the time 2:30 to 5 p.m. the place, the Red Cross Health Center, rear of Forest National Bank, down stairs.

For job printing phone 36.

DR. BIZZELL RECEIVES
POPPY SEED FROM
FLANDERS FIELD

(Special to the Eagle)
College Station, Texas, March 24.—President Bizzell has just received from a personal friend, Mr. Theo. G. Lemmon, whose home is in Los Angeles, California, some poppy seed from Flanders field. These seed were accompanied by the following extract from a Los Angeles paper:

"While abroad during the summer of 1919 on a horticultural commission for the French government, the President of our company had an opportunity of visiting some of the recent battle grounds of France and of viewing the disaster wrought by modern warfare. The devastated cities and towns, the chaos of forest and field, the ruined cathedrals and desolated homes, the homeless wandering aimlessly about with only a bare existence confronting them and all of the joy of living gone, all of these sights bore mute testimony of the curse of autocracy's ambition.

"As he stood in contemplation of this hideous mockery of man's efforts and achievements he was impressed as with the miracle by the beauty and the promise of the poppies everywhere existent. In the abandoned trenches, in the shell holes, in the very ruins of buildings, on the roadsides and in the deserted street and on the fields of carnage where the martyrs to a cause gazed an end to earthly life, there, blood red symbols of the life blood of the heroic dead, grew the poppies.

"And thereupon a thought occurred to him and of that idea was born mental vision of those same poppies growing in a land where the highest ideals of mankind have birth and fruitfulness; growing along our magnificent boulevards, in beautiful gardens and public parks; growing in memory of the sons of our allies and of America, who gave to the full measure of their devotion that liberty and justice should not perish from the earth.

"Out of this was born the resolution to crystallize thought into accomplished fact—but free from any commercialism. Arrangements for harvesting the seed and its shipment to us were undertaken and perfected, but unavoidable delays have just placed us in possession of it. It is now ready for distribution without charge to any one who regards the idea as commendable and who wishes to take part in its fulfillment."

AGGIES MAKE START
FOR CHAMPIONSHIP
IN 1921 BASE BALL

(Special to the Eagle)
College Station, Texas, March 24.—The Farmers made a swift start in getting into a championship gait by taking two successive shut-out games from the Simmons College nine on the local diamond, one Monday and the second Tuesday afternoon. The score of the first game was 10 to 0 and the second 7 to 0.

The first game worked up a little more enthusiasm in the fans than the second because of the fact that the Aggies started with a great whirl and piled up scores in two periods of the game, but on the second day made a more steady and less spectacular progress. The scores were scattered more than in the first game. This steadiness on the second day while detracting a bit from the excitement attending the first game enabled them to play an errorless game.

The result of these two games has been to awaken interest to the point of prospecting the result of the season. It was very evident from the performance of the Aggies in these opening games that the team is stronger than last year and that the decision at the end of the season is going to be decided on a narrow margin if A. & M. is left out of it.

The scores by innings for the two games follows: Monday, Simmons College 0 0 0 0 0 0 0 0 0 0 A. & M. College 2 0 0 2 1 3 2 0 Tuesday, Simmons College 0 0 0 0 0 0 0 0 0 0 A. & M. College 1 2 2 0 0 0 0 2 0

MR. MANGUM IS WITH
THE TEXAS FARM BUREAU

Mr. P. S. Mangum is now in Taylor county doing some special work for the Farm Bureau. He expects to be back in Bryan around the first of April. He says in a letter to the Eagle "The Farm Bureau is destined to be the greatest business organization in the world. Already its membership controls \$3,600,000,000 of farm products that they produce themselves, and that, at the rate the work is going forward, within another year, the American Farm Bureau can conservatively count on a five billion dollar voice in the markets of the world. That Mr. W. C. Wallace, U. S. Secretary of Agriculture is in hearty sympathy with our work and that President Harding himself is the greatest work the world has ever undertaken for the producers, and this means for us all, as we at last have come to fully realize."

Mr. and Mrs. J. H. Wilcox of Alexander were in Bryan today.

THE BRYAN WEEKLY EAGLE

VOLUME XXXIV

BRYAN, TEXAS, THURSDAY, MARCH 24, 1921

(MEMBER ASSOCIATED PRESS)

NUMBER 9

TEXAS IS IN THE HANDS OF BUSINESS MANIPULATORS AND FACING DISASTER

Freight Rates Are Thirty Times Higher From Bryan To Houston Than From Houston To Hamburg—The Railroad Transportation To Blame For Farmers Troubles.

The Eagle in conversation with Railroad Commission Earl B. Mayfield raised the question that unless there was some relief in the high freight and passenger rates in Texas the Texas Railroad Commission might as well be abolished as it was not being allowed to function by the interference of the Interstate Commerce Commission in granting unreasonable rates to shippers. The railroads argue that under the prevailing conditions and the restrictions and charges in business that higher rates are necessary. The Eagle further raised the question that both passenger and freight rates by the railroads would destroy the stockman, farmer and truck and fruit growers of Texas pointing out that a ton of cabbage brought the producer \$6.00 per ton and in three days sold in Dallas at \$140 and then was served to the ultimate consumer at \$2.250 per ton. Commissioner Mayfield has since delivered an address at Tyler before the East Texas Chamber of Commerce setting forth these facts that apply equally to every product raised in Texas. Following this a conference will be held Monday in Dallas with representatives of the Interstate Commerce Commission to ascertain legally the facts that are well known to every citizen of Texas who has studied the conditions that now confront the farmers, stockmen and fruit growers. Unless there is a lower freight rate and more efficiency in the marketing conditions disaster confronts those who produce and market the raw materials. The Eagle knows that the railroads are not giving the producers a square deal in Texas and that many other persons are taking illegitimate profits. In fact when the farmer is paid only \$6.00 per ton for cabbage at the Rio Grande Valley and the consumer three days later pays in Dallas \$140 for the same cabbage, there is an injustice and a wrong committed against the economic laws of the land. What applies to cabbage applies to cattle, hogs, turkeys, eggs, peaches, potatoes, tomatoes, water melons, corn, wheat, oats and cotton. The system is wicked and pernicious and without justification.

The Bryan Cotton Oil Company paid freight on fifty bales of cotton lint from Bryan to Houston over the railroad \$197.88. The distance is 100 miles from Bryan to Houston. The same cotton was shipped from Houston to Hamburg, Germany, for \$141.45, a distance of 3,300 miles. The distance is thirty times greater from Houston to Hamburg and the freight is \$56.43 cents less. This is not only a calamity but is a crime. The railroads declare it is the labor unions and the unions declare it is the railroads. "Here you are in a nutshell. The railroads are running their freight cars only two hours per day when they should run eight full hours. The South is paralyzed in the matter of transportation and in efficiency. The Eagle believes the railroads and the labor organizations must see the injustice of their contentions. If they do not sooner or later the producing people will go on a strike that will make the world take notice. The Commune and the Communist need reformation and the Augean stables ought to be cleaned out. If the people will come out and denounce these practices sooner or later outraged public sentiment will force an abandonment of the methods that are damaging, illegal, unlawful and unpatriotic and every man will receive a just share of profit on the labor and service performed. Will they denounce these criminals acts against the prosperity and business of the country? If these conditions continue sooner or later the cities will have to give up their floating population and men and women will be forced back to the farm to produce meat and bread or face disaster. Extravagance, waste and inefficiency is now running riot in the face of conditions that are going to try the courage and patriotism of every citizen of Texas and the United States.

CRIMINAL DOCKET IN BRAZOS COUNTY DISTRICT COURT

The 85th District Court of Brazos County will conclude the February-March term Saturday, March 26 and District Judge W. C. Davis will sign the minutes of the court. The application for a new trial in the One and Horace White murder case will be heard this week and if the motion is overruled Judge Davis will sentence the defendants for twenty years in the State penitentiary in accordance with the verdict of the jury. These cases were brought here on a change of venue from Harris county. On Thursday Judge Davis will appoint the jury commissioners to draw a list of jurors for the next term. Orders in the following cases have been made at this term:

Criminal Docket
Sim Walker, swindling. Verdict of "not guilty" by the jury.
Wilburn Gator, having possession of equipment for the making of intoxicating liquors. Continued by agreement.
Joe Scanlon, refusing to stop and render assistance to occupants of buggy after collision with same. Verdict of "not guilty" by jury.
Onie and Horace White, murder, transferred from Harris county to Brazos county. Verdict of guilty and given twenty years in the penitentiary by the jury.
Tom Brooks, burglary. Given two years in the penitentiary by the jury.
James Earl, swindling. Bail fixed at \$300.

Lawrence Williams alias L. B. Williams, swindling. Bail fixed at \$500.
Colbert Wilson, arson. Verdict of "not guilty" by the jury.
Lee Taylor, alias Bud Taylor, keeping gambling house. Verdict of "not guilty" by the jury.
Frank Menett alias Red Menett alias Roy Woods, assault to murder. Verdict of guilty by the jury and punishment fixed at two years in the state penitentiary. Defendant was sentenced by Judge Davis this case to follow a term of prison sentence in Kaufman county known as case No. 26.

226 in the district court of Kaufman county to be five years and this sentence will begin immediately after its conclusion.

James Kindrex alias Bright Eyes forgery. Bail fixed at \$500.
Lonnie Wiggins, assault to murder. Verdict of jury finding defendant guilty of aggravated assault and punishment fixed at \$25 fine.
Leonard Dudley and P. S. Sealey, passing forged instrument. Bail fixed at \$500.
A. E. Thompson, abortion. Verdict of "not guilty" by the jury.
Walter Kelley, rape. Bail fixed at \$1,000.
Wayne Davis, theft of one head of cattle. Verdict of not guilty by the jury.
The misdemeanor docket is now being considered by Judge Davis and a number of fines are being collected by Sheriff L. E. Morehead. The term of the court will end Saturday, March 26.

Petit Jurors This Week
The following jurors were sworn in Monday morning for the week: Roy Ball, A. N. Carroll, V. J. Boriski, A. W. Schultz, T. A. Adams, J. E. Vincent, Tobe Curlee, W. C. Rains, S. C. Clay, Jno. Sabo, Z. L. Jones, Luther Holland, Jim Tobias, W. H. Buchanan, J. H. Lindsey, E. A. Hensarling, R. R. Shaw, J. A. Boriski, Jno. Kasorek, Adolph Plagens, Dave Munday, J. W. Hawthorn, J. T. Griffin, R. F. Crenshaw and John Withers.

FORMER COMPTROLLER TERRELL IS DEAD

(By Associated Press)
San Antonio, March 24.—Henry B. Terrell, former State Senator from McLennan county and state politician died here today after a prolonged illness. Senator Terrell served several terms in the legislature, two terms as state senator and he was mentioned as gubernatorial candidate in last campaign but failing health prohibited him making the race. His body will be sent to Austin for burial.
FOR SALE—A separator, practically new and in good shape. Address C. M. M. care the Eagle.

SHOE POLISHING CO. LEASES PLAZEK BUILDING AS HEADQUARTERS

The Bryan Automatic Shoe Polishing Company has leased the lower floor of the Elks Hall known as the Plazek building and is fitting it up as the permanent headquarters of the company which was recently chartered in Austin for \$75,000 to manufacture the shoe polishing machines. About \$10,000 worth of machinery is now enroute from the factory to Bryan and will be in place about April 15. Under the direction of Supt. P. P. Cooper of Cleveland, Ohio, a dozen machines will be put on the market at once. Hon. T. M. West, a wealthy citizen of San Antonio, has asked for estimates on the cost of the machines and proposes to open one of the largest shoe shine parlors in the South including perhaps a dozen machines in one of the big buildings in the Alamo city. Mr. West is a member of the Texas Legislature and of the West family in Western Texas, owner of much city property and many cattle ranches in Southwest Texas.

President J. L. Edge and Manager C. A. Harris have a few thousand dollars worth of the stock of the company for sale and will place the amount tomorrow, Thursday, in the hands of those who wish to buy. This stock is sold for manufacturing purposes and when the present issue is disposed of there will be no more for sale by the company. The board of directors will meet Thursday night at Dr. P. M. Rysor's office and is composed of the following citizens of Bryan: J. L. Edge, Judge W. C. Davis, C. A. Harris, N. A. Stewart, Lee J. Rountree, J. S. Doane, G. J. Nedelak, Major L. L. McInnis and Dr. P. M. Rysor.

A NEW MECHANICAL BUILDING SOON TO BE ERECTED AT A. & M.

Plans are being drawn at A. & M. College for the immediate erection of a \$150,000 mechanical building. This new building was authorized in the Emergency Appropriation Bill passed by the legislature at Austin and approved by Governor Neff last Saturday. Dr. W. R. Bizzell, president of the College asked for \$25,000 as an emergency for new machinery which was not agreed to by the Board of Control. This amount was placed in the Emergency Bill for the equipment but Governor Neff holds that as the new building progresses the amount of machinery can be decided on at the special session in June. The \$25,000 item vetoed by Governor Neff was proposed to the appropriation committee by Representative Rountree and passed out unanimously. The House and Senate passed the \$25,000 item without a dissenting vote. The machinery will be badly needed by the opening of A. & M. College in September as reported by Prof. E. J. Fernier, director of the department and will no doubt be placed in the regular appropriation bill.

STEEP HOLLOW CLUB PLANS FOR FIELD DAY

County Agent C. L. Beason reports a most interesting meeting of the program committee of the Steep Hollow Progressive Agricultural Boys' and Girls' club, Tuesday night at I. M. Cook's home. The committee has entered enthusiastically into the work and the character of programs they are planning for the club will, evidently, be most interesting and helpful. The personnel of the program committee bespeaks the wisdom of the club authorities who made the appointment. The committee is composed of the following: Misses Ethel Tobias, Laura Mims, Katie Hall, Annie Laurie Etheridge, Jewel Mathis, Mrs. L. M. Cook, and J. W. Stone. In order to receive expert advice on their several club projects, such as the raising of baby beehives, standard bred poultry, balanced ration for the dairy cow, or brood sow, better varieties of corn and cotton the club will join other clubs of the county and enjoy an entire field day with specialists at A. & M. College, Wednesday, April 13. Dean E. J. Kyle and Extension workers will be asked by County Agent Beason to assist in arranging the most interesting program possible, not only for the club members who attend, but also for all the farmers and farm women who accompany their children.

RAILROAD OFFICIAL FOUND DEAD ON TRAIN

(By Associated Press)
Galveston, March 24.—A. C. Torbert, Secretary-Treasurer of the Gulf Colorado and Santa Fe railway was found dead in a berth on the Santa Fe train today. He had been in Ft. Worth on company business, leaving for his home in Galveston last night and asked the porter to awaken him before reaching Houston this morning. Mr. Torbert has been with the Santa Fe for more than thirty years.

BRYAN WOMAN'S CLUB PURCHASES LOT FOR A PERMANENT HOME

At the close of its twenty-sixth year, the Woman's Club of Bryan enjoys the highest mark of efficiency, progress and achievement yet attained since its organization. The club calendar for 1921 closes April 6th, leaving only two more meetings for the year, and although the course of study has been a hard and strenuous one it has brought a feast of literary merit to the club, unsurpassed in its history. Every woman has done her best, and therefore every member has received benefit and pleasure from the years' work. The meeting of the club on Wednesday was of more than usual interest, because of the splendid program, and also because the club took final action on the building of a club house, by voting to purchase a lot suitable for their long dreamed of Club Home.

Mrs. S. C. Hoyle, president, prefaced the business session with a few timely remarks, laying stress on the fact that she was very anxious that every woman in the club vote on the purchase of the proposed lot for the building of the club house, as she, individually thought best, so that the final action of the club in this very important matter, would be the voice of the majority. Forty-eight members and three visitors were present, and the vote taken was an unanimous one. Mrs. A. M. Waldrop, of the Club House committee made a full report of all property, offered, and the price and terms made on each lot. At the close of the ballot, the decision of the vote was read as follows: To purchase from M. F. Dansby, a lot 65 feet front by 115 feet, facing 26th street, and adjoining the home property of J. M. Gordon, for \$1800. The plans for the club house are being prepared, and will be in the hands of the club house committee very soon. Authority for purchasing the property, making all payments, contracting for the building of the club house and other necessary arrangements was given into the hands of the Club House committee, which is composed of the following women: Mrs. E. H. Astin, Mrs. R. S. Webb, Mrs. Marshall Dansby and Mrs. A. M. Waldrop.

When the business session had concluded, Mrs. M. Hetty Curry, leader of the program on "Original Work" took charge of the meeting. Mrs. Curry, as chairman of the Literature Committee of the Texas Federation, member of the executive board of the Fourth District and incoming president of the Bryan Woman's Club holds her places of usefulness with ability and grace and led the splendid program she had arranged for the afternoon in an interesting manner. That more than usual talent is to be found in the membership of the club is a proven fact, but, that such a brilliant array of original composition in literature and music would be offered in the afternoon's program was beyond the hopes of the most ambitious admirers of the club. Mrs. Sims, who is a club woman of national reputation, and who has the opportunity of visiting clubs all over Texas and the South and East, voiced her appreciation of the Bryan Club women when she said "I have been with club women from Florida to New York and from the Atlantic to the Pacific, and I tell you, the Bryan women surpass all I ever yet have met; and I tell you I am proud of every one of you." The splendid program of the afternoon follows:

Leader—Mrs. Hetty Curry.
"The Texas Flag"—Mrs. Mills P. Walker.
"Toast to the Bryan Woman's Club"—Mrs. E. Kennedy.
Poem—"Texas"—Frances M. Taylor, High School recipient of the local Club prize for original verse.
"Ghost Story"—"The Mysterious Ring"—Mrs. M. W. Sims.
Musical Selection—"Cecile." Reverse in C Minor—Mrs. R. S. Webb.
Poem—"Our Country"—Mrs. L. L. McInnis.
Poem—"Bonnets"—Mrs. H. C. Fulgham.
Short Story—"The Last Chapter," or a "Study in Atmosphere"—Mrs. J. C. Nagle.
Musical Selection—"Improvisation"—Mrs. Hendrix Conway.
Short Story—"The Test"—Mrs. Frank L. Webb.

NOVEMBER 11 KNOWN AS "VICTORY DAY"

Austin, March 23.—November 11 is now a legal holiday in Texas. The bill by Senator Rogers designating that day as "Victory Day" was signed by Governor Neff today. This celebrates the signing of the Armistice with Germany in the World War. The Governor also signed the bill appropriating \$550,000 to pay the debts of the penitentiary system of Texas; also the bill putting the state highway system under the control of the Legislature.
Betting on any election in Texas was also made a misdemeanor today when the Governor signed the bill to that effect.
IMPORTANT NOTICE
The County Educational Committee of Brazos county is called to meet at the court house at 3 p.m., Saturday, March 26.

DIRECTORS MEETING OF COUNTRY CLUB HELD

The directors of the Country Club held a business meeting at the Club House Friday evening of last week and takes pleasure in announcing the names of R. A. Olivera, Lee Mayfield and L. G. Williams as elected Associate Members of the Club.

The affairs of the club's finances, opening reception arrangements, beautification of the grounds, house rules and ground rules were disposed of in the course of the meeting. Everything will be in readiness for the opening reception on Friday evening, April 1st. Arrangements have been made to accommodate up to fifteen hundred people and it is expected fully that number will be present for the reception. Admittance to the grounds will be by card only. Every member will be required to display his due card for the current period and every visitor will be required to surrender his courtesy card at the gate. Refreshments and music in keeping with the occasion have been provided. The furnishings for the house have arrived and will all be in place.

The Directors on behalf of the Membership extended a special vote of thanks to the special committee appointed for the beautification of the grounds composed of C. L. Beason, Charles A. Felker, R. O. Allen and J. R. Sims, accepted their report of their work so far accomplished and voted to continue the committee. During the past weeks this committee has set out some four thousand hedge plants, a number of palms, arbutus, Italian and Arizona cypress, oleanders, ligustrums, have sodded several acres of the grounds in bermuda grass and have from a hundred to two hundred trees on the way to be set out on the property. A special vote of thanks was extended to Mr. Charles A. Felker, who secured the above evergreens and trees without expense to the club.

Directors attending the meeting were: J. W. Batts, Wilson Bradley, Travis B. Bryan, C. M. Cole, J. E. Covey, R. W. Howell, M. H. James, Milton B. Parker, O. E. Saunders, John C. Vick and A. M. Waldrop. The fishing and boat pier for the lake is in process of construction and will be completed as soon as possible.

EASTER EGG HUNT

Mrs. C. C. White, superintendent of the primary department of the Methodist Sunday School and her assistant teachers: Miss Lillie Hall, Mrs. J. L. McKee, Mrs. W. L. Porter, Mrs. T. B. Poole, Mrs. J. W. Black, Mrs. A. E. Worley, Mrs. J. B. Priddy and Mrs. T. A. Adams, superintendent of the Cradle Roll will give an Easter egg hunt and party at the home of Mrs. White, Saturday afternoon at 4:00 o'clock. Every child in the primary department of the Methodist Sunday School is invited and expected to be there and their mothers are cordially invited to come and bring them.

COMMUNITY MEETING HELD AT KURTEN WED.

Kurten, Texas, March 24.—A meeting of the local boards was held at Kurten Wednesday night for the purpose of planning the consolidation of the six schools in that community. A large crowd was present and all heartily endorsed the plan. The following men were there to represent their school, from Kurten: Henry Kurten, Jack Lawless, A. W. Stephener, From Fickey, Antone Conrod; from Reliance John Loyd, Joe Loyd, Walter Loyd and Z. Jones. A campaign was launched to interest the people in that community and community meetings will be held as follows: Reliance, Friday night, March 25; Fickey, Wednesday night, March 30; Fickey, Wednesday night, March 28; Bowman, Thursday night, March 31. Time for Prospect and Wixon will be announced later.

CONSTABLE MOORE IN AUTOMOBILE ACCIDENT

Constable Claud Moore, of Edge, while returning home from Bryan Wednesday night had the misfortune to overturn his car and in the fall his shoulder was dislocated. Constable Moore was pinned beneath the car for sometime but finally extracted himself and started to walk back to town. About 2 o'clock this morning he was found by Alex Capps and taken home where he received medical attention. This is the second accident Constable Moore has had during the past few months. Luckily his injuries were only painful and not serious.

ZETOS TO VISIT ITALY

Mr. and Mrs. Frances Zeto and daughter, Miss Laura Zeto have applied to District Clerk J. W. Barron for an application for passports to be received from the State Department at Washington to allow them to visit their former home at Naples, Italy. The Zeto family have been in the United States fourteen years and have become citizens and joined in all the religious and patriotic activities in this country. They expect to sail from New York for Italy on their visit about April 5th.

THE EAST TEXAS CHAMBER COMMERCE ELECTS NEW OFFICERS

(Special Dallas News)
Tyler, Texas, March 23.—The East Texas Chamber of Commerce adjourned at noon today after having elected Milton Farrier of Omaha as president, O. M. Stone, Jasper; W. G. Dodd, Huntsville, and Sam Greer, Pittsburg, as vice presidents, and having elected A. L. Burge, Tyler, general manager and Clay Hight of Tyler, secretary-treasurer.

Resolutions were adopted this morning thanking the Tyler Chamber of Commerce and citizenship for entertainments, thanking the press and the officials, expressing confidence in the new president and endorsing the Texas Farm Bureau Federation. A rising vote of thanks was extended to Colonel J. B. Mayfield, chairman of the board of directors.

Officers Elected at Banquet.
The new president was elected last night at the annual banquet, attended by more than 300 prominent business men of East Texas. A. F. Sledge, president of the Tyler Chamber of Commerce, said there was need for a new interurban to connect Tyler with Dallas by extending the Terrell interurban, now building, to Tyler and intervening cities. Colonel J. B. Mayfield was toastmaster, and talks were made by A. L. Burge, Tyler, and Henry Edwards, Troup, who advocated an East Texas Junior Agricultural College. George B. Terrell, commissioner of agriculture; Victor H. Schoffemayer, field editor of The Semi-Weekly Farm News; Colonel E. W. Kirkpatrick, president Texas Industrial Congress; Gus F. Taylor, Tyler; H. W. Vanhovern, sanitary engineer of the Cotton Belt; H. L. McKnight, Nacogdoches; S. W. Adams, San Augustine; F. R. Senior, Jefferson; W. A. Orr, Livingston; Sam Greer, Pittsburg; Mayor C. L. Duncan, Mount Pleasant; W. H. Nabors, Wimbors; O. M. Stone, Jasper, who nominated Milton Farrier for president; Seth Mayfield, secretary Waco Cotton Palace; O. M. Scott, Mount Vernon, and Z. E. Black of the Dallas Dallas Chamber of Commerce.

Directors were elected as follows: J. B. Mayfield, chairman; O. C. Mulkey, Commerce; O. M. Stone, Jasper; Sam Greer, Pittsburg; W. A. Nabors, Wimbors; W. A. Orr, Livingston; J. M. Kurts, Lufkin; C. L. Duncan, Mount Pleasant; G. S. Northcutt, Longview; Lee J. Rountree, Bryan; H. B. Johnson, Center; Milton Farrier, Omaha; S. W. Adams, San Augustine; H. L. McKnight, Nacogdoches; W. G. Dodd, Huntsville; C. A. Bland, Beaumont; F. R. Senior, Jefferson, and E. B. Alford, Henderson.

To Attend Dallas Hearing.
Stress was laid this morning on the necessity of sending a large representation from all parts of East Texas to the Interstate Commerce Commission hearing in Dallas next Monday on truck and fruit freight rates, fear being expressed that present high rates will ruin truck growing in East Texas. Cone Johnson will head the committee as spokesman.

Others of the committee will be Charles A. Bland, Beaumont; E. M. Gleason, Texarkana; W. G. Dodd, Huntsville; W. A. Nabors, Wimbors; S. W. Adams, San Augustine; H. E. Cannon, Henderson; G. S. Northcutt, Longview, and Dan F. Smith, Pittsburg.

John S. Kerr of Sherman addressed the meeting on the value of fruit and truck raising in East Texas, terming fruit the salvation of this section.

W. G. Dodd told of Walker county ribbon cane syrup marketing and urged cooperation and standardization on this profitable crop. A. L. Burge reported the East Texas Chamber of Commerce marketed 36,000 gallons of syrup last winter. J. B. Mayfield declared standardization is the very essence of all such marketing plans, and syrup can be made a most profitable crop. Jerry Davenport of Longview urged co-operation with the Texas Farm Bureau Federation along marketing lines.

The resolution committee was composed of S. W. Adams, San Augustine, Sam Greer, Pittsburg, and W. G. Dodd of Huntsville. Its report was unanimously adopted.

RED CROSS CONTEST THURSDAY AT HEALTH CENTER

The Red Cross announces another weighing and measuring contest to be held at the Red Cross Health Center, Thursday afternoon from 2:30 to 5 o'clock. All mothers who had children weighed in the contest last November are urged to bring the children to this meeting and have them weighed again, so that their record cards may be kept correctly. In many cases the diet plan for growing children as given out at the Health Center, and followed by the mothers, has resulted in a great improvement to the children, and in such cases, the record of weight is very encouraging and helpful. Mothers who have not yet entered their children in these Red Cross contests are especially urged to come on Thursday, as it is greatly desired to enlist as large a number as possible in this vital and important educational movement. Remember the day, Thursday, the time 2:30 to 5 p.m. the place, the Red Cross Health Center, rear of Forst National Bank, down stairs.

For job printing phone 36.

DR. BIZZELL RECEIVES POPPY SEED FROM FLANDERS FIELD

(Special to the Eagle)
College Station, Texas, March 24.—President Bizzell has just received from a personal friend, Mr. Theo. G. Lemmon, whose home is in Los Angeles, California, some poppy seed from Flanders field. These seed were accompanied by the following extract from a Los Angeles paper:

"While abroad during the summer of 1919 on a horticultural commission for the French government, the President of our company had an opportunity of visiting some of the recent battle grounds of France and of viewing the disaster wrought by modern warfare. The devastated cities and towns, the chaos of forest and field, the ruined cathedrals and desolated homes, the homeless wandering aimlessly about with only a bare existence confronting them and all of the joy of living gone, all of these sights bore mute testimony of the curse of autocracy's ambition.

"As he stood in contemplation of this hideous mockery of man's efforts and achievements he was impressed as with the miracle by the beauty and the promise of the poppies everywhere existent. In the abandoned trenches, in the shell holes, in the very ruins of buildings, on the roadsides and in the deserted street and on the fields of carnage where the martyrs to a cause gasped an end to earthly life, there, blood red symbols of the life blood of the heroic dead, grew the poppies.

"And thereupon a thought occurred to him and of that idea was born mental vision of those same poppies growing in a land where the highest ideals of mankind have birth and fructify; growing along our magnificent boulevards, in beautiful gardens and public parks; growing in memory of the sons of our allies and of America, who gave to the full measure of their devotion that liberty and justice should not perish from the earth.

"Out of this was born the resolution to crystallize thought into accomplished fact—but free from any commercialism. Arrangements for harvesting the seed and its shipment to us were undertaken and perfected, but unavoidable delays have just placed us in possession of it. It is now ready for distribution without charge to any one who regards the idea as commendable and who wishes to take part in its fulfillment."

AGGIES MAKE START FOR CHAMPIONSHIP IN 1921 BASE BALL

(Special to the Eagle)
College Station, Texas, March 24.—The Farmers made a swift start in getting into a championship gait by taking two successive shut-out games from the Simmons College nine on the local diamond, one Monday and the second Tuesday afternoon. The score of the first game was 10 to 0 and the second 7 to 0.

The first game worked up a little more enthusiasm in the fans than the second because of the fact that the Aggies started with a great whirl and piled up scores in two periods of the game, but on the second day made a more steady and less spectacular progress. The scores were scattered more than in the first game. This steadiness on the second day while detracting a bit from the excitement attending the first game enabled them to play an errorless game.

The result of these two games has been to awaken interest to the point of prospecting the result of the season. It was very evident from the performance of the Aggies in these opening games that the team is stronger than last year and that the decision at the end of the season is going to be decided on a narrow margin if A. & M. is left out of it.

The scores by innings for the two games follows: Monday, Simmons College 0 0 0 0 0 0 0 0 0 0 A. & M. College 2 0 0 2 1 3 2 0 Tuesday, Simmons College 0 0 0 0 0 0 0 0 0 0 A. & M. College 1 2 2 0 0 0 0 2 0

MR. MANGUM IS WITH THE TEXAS FARM BUREAU

Mr. P. S. Mangum is now in Taylor county doing some special work for the Farm Bureau. He expects to be back in Bryan around the first of April. He says in a letter to the Eagle "The Farm Bureau is destined to be the greatest business organization in the world. Already its membership controls \$3,600,000,000 of farm products that they produce themselves, and that, at the rate the work is going forward, within another year, the American Farm Bureau conservatively count on a five billion dollar voice in the markets of the world. That Mr. W. C. Wallace, U. S. Secretary of Agriculture is in hearty sympathy with our work and that President Harding himself is the greatest work the world has ever undertaken for the producers, and this means for us all, as we at last have come to fully realize."

Mr. and Mrs. J. H. Wilcox of Alexander were in Bryan today.

BRYAN WEEKLY EAGLE

Printed every afternoon except Sunday by the Eagle Printing Company, Bryan, Texas.

Entered at the postoffice at Bryan, Texas, April 28, 1911, as second class matter under act of congress March 8, 1879.

MEMBER OF THE ASSOCIATED PRESS

Now that Clara Smith-Hamon has been cleared for killing Jake Hamon why not forget her and let her go home in peace. The movie screen is no place for Clara Hamon to be flaunted before the girls of the country. The movie picture concerns bad better take warning and not turn public condemnation against them. The Eagle makes the suggestions as the friend of the movies and they had better take heed.

Some of the hotel men of Texas want a law putting a man in prison who gives them a bogus check for hotel charges. That's good as no criminal ought to escape. But many of the city hotels are in the highway men's class and it is about as fair for a man to steal one way as the other. But of course it is wrong for the customers of the hotels to steal and the sooner all reform the better. It ought not to take the strong arm of law to cause men to reform but it seems that it is the case in these two instances.

The Dallas News says: "Others can use whatever excuse they please, but personally we propose to blame all of our misfortune on the Federal Reserve Banks." That's fine. When the propagandists told you that gasoline would be 75 cents per gallon and none to be had and you contracted for it at high prices and are now paying the penalty of your foolishness it may be some consolation to charge it to the Reserve Banks. In the meantime go to work.

When it costs more to market our products than we can get for them it is time for the railroads and the profiteers to reform their way of doing business, peaceably, if possible. A peach sells for 1 cent in Sulphur Springs and when it is served to the ultimate consumer the price is advanced to 3,500 per cent. That seems a little high and as these exorbitant prices are practically applied to everything, the halting day has about arrived.

HEAVY CUT IN LABOR ON SOUTHERN PACIFIC RAILROAD LINES

(Special to the Eagle)
Houston, Tex., March 22.—Approximately 1760 employees of the Southern Pacific shops at Houston will be involved in an 80 per cent cut of forces which will become effective with the close of March 23, according to a bulletin posted at the shops Saturday.

It was stated at the office of J. A. Power, superintendent of motive power, that the cut is only temporary, but no time has been designated for again increasing the forces, it was said. The reduction is not in the nature of a layoff but a straight out reduction. As to the matter of reinstating the men it was said that it is the custom of the company to give former employees preference when the forces are to be recruited.

The cut is not directed at any particular branching of trades but is distributed among all crafts of shopmen, both skilled and unskilled. This reduction will leave approximately 1400 men employed at the Houston shops where prior to the cut there were 2200.

While talk of the deduction of forces has been current in railroad circles the Southern Pacific is first to give notice of such reductions and it is thought that others will soon follow and that perhaps the cut will extend to other employees than shopmen. From some sources it has been confidentially stated that it may even reach men holding semi-official positions and who have been in the service of the companies for considerable periods of time. One official stated that a reduction would be necessary as a retrenchment movement.

The reduction of forces follows closely the proposed cut in salaries of all unskilled laborers and in some instances extending to skilled workmen. The Southern Pacific is the exception in this latter provision and this company also proposes a change in working conditions, going back to the basis of December 31, 1917.

COLD WEATHER HAS NOT YET KILLED FRUIT AND VEGETABLES

(By Associated Press)
Dallas, March 22.—There is freezing weather in the early fruit and truck growing section of Texas and improbable result from the sudden drop in temperature lately. The local weather bureau announced today that while cold accompanied by snow and sleet in the Panhandle, parts of West Texas and further southeast where vegetables and fruit are in an advanced stage the thermometer did not register below 40 last night.

TEXAS CATTLEMEN WILL ORGANIZE NEW MARKETING ASSN.

Fort Worth, Texas, March 22.—The personnel of the new executive committee of the Texas and Southwestern Cattle Raisers Association, as appointed by President W. W. Turney of El Paso, has been received at Fort Worth headquarters of the organization. The board now consist of fifty men. The list was revised in accordance with the terms of the recent merger of the Texas Association with the Panhandle and Southwestern organization, so as to give larger representation to the section covered by that body.

Accordingly most of the new members are from Southwest Texas, with a few from Arizona, New Mexico and Kansas City, Mo. Men connected with the State government in any way were omitted, including B. Youngblood, in charge of experiment station work of A. & M. College and J. E. Boog-Scott, chairman of the Live-stock Commission.

Following are the new members: E. W. McKenzie, El Paso; F. P. Moore, Douglas, Ariz.; J. N. Robinson, Douglas, Ariz.; T. A. Spencer, Carrizo, N. M.; R. H. Martin, Sonora, Texas; R. P. Field, Victoria, Texas; L. C. Britte, Marfa, Texas; W. L. Amonett, Sierra Blanca, Texas; L. W. Anderson, Pecos, Texas; J. S. Dorsey, Kansas City, Mo.; C. O. Finley, Valentine, Texas, and W. P. Fisher, Marfa, Texas.

Those reappointed are: R. R. Russell, San Antonio; W. E. Weatherbee, Del Rio; F. S. Hastings, Stamford; H. M. Stonebraker, Kansas City, Mo.; Ewing Hassell, Vinita, Okla.; T. M. Pyle, Longfellow; H. C. Harding, Amarillo; C. M. Newman, El Paso; P. L. Childress, Ozona; C. E. Shults, Llano; G. D. Scott, Houston; D. H. Snyder Jr., Colorado; J. L. Borroum, Cedar Vale, Kan.; G. R. White, Brady; A. S. Sage, San Antonio; H. D. Mendel, Fort Stockton; Jax M. Cowden, Midland; C. T. Herring, Amarillo; Oliver Loving, Jernyn; J. C. McGill, Alice; J. W. Corn, Fort Worth; J. G. Childers, Temple; R. H. Harris, San Angelo; Walter Schroener, Kerrville; K. N. Haggood, Henrietta; William Poindeexter, Cleburne; W. J. Lewis, Cleburne; S. E. McKnight, Sonora; C. C. Slaughter, Dallas; M. G. Stewart, Dalhart; H. L. Kokernot, San Antonio; T. D. Hobart, Pampa; Ed L. Mears, Menard; Henry Edds, Hebbronville; J. M. Dobie, Cotulla; R. L. Pettus, Goliad.

The details of the consolidation of the two cattlemen's association have been worked out, it is stated by A. C. Williams, assistant secretary, who has returned from San Antonio with the records of the Panhandle and the Southwestern Association.

It is announced that when the new directors meets in Fort Worth in June a committee of eleven will be appointed by President Turney to perfect the organization of a livestock selling agency, as authorized by the San Antonio convention. Attorneys of the association will in the meantime cooperate with the Texas Farm Bureau Federation in the drafting of articles of incorporation under the cooperating marketing act passed by the recent Legislature. This law was one of the few constructive laws passed by the legislature and was introduced by Representatives Davis of Dallas; Rountree of Brazos; Williams of McLennan and Stevenson of Victoria. The law is known as the California Marketing bill and will be known throughout the United States.

MRS. BARRY WRITES ON HOME ECONOMICS WEEK

Austin Tex., March 22.—In a recent letter Mrs. Maggie W. Barry, chairman of the Home Economics Division of the General Federation of Women's Clubs, heartily endorses the work of the annual Home Economics week at the University of Texas, to be held this year on March 21 to 25 inclusive. She says in part:

"The annual Home Economics week to be held at the University of Texas is of such unusual interest to homemakers that every woman seeking a wider knowledge and better understanding of the problems of home-making and citizenship should arrange to attend. Able speakers and specialists will tell of what the state government is doing to help solve our house-keeping problems. Then there will be about the knotty budget problem; better and cheaper methods of buying food; something of the artistic side of wress and home building as well as the practical, technical side. There will also be helpful suggestions for recreation and home reading. This is an inestimable service our University is giving to the women in the home."

In addition to the day-time programs for the week, arrangements are being made for recreational evenings for the benefits of visitors during the week. The Home Economics department has announced, also, that it will assist delegates and other visitors in obtaining rooms near the University. As a supplement to the lectures and discussions, a most comprehensive exhibit is being arranged, and will be on display in the Home Economics building throughout the week, with members of the faculty and students of the department in attendance to explain details and answer any questions.

How Would You Like to See What Irvin Nerhood (Pa.) Saw?

"One customer told me that after using one large package of Rat-Snap, he got FORTY EIGHT dead rats. How many more dead he couldn't see, he doesn't know. Remember rats breed fast and destroy dollars' worth of property." 35c, 65c, \$1.25.

Mrs. Otho Mathews of Hearne is here on a visit to her sister G. H. Davis.

GOV. NEFF SLASHES THE A. & M. COLLEGE EMERGENCY BILL

Austin, Tex., March 22.—Governor Neff used his blue pencil vigorously on the emergency appropriation bills passed by the recent regular session of the legislature and trimmed it from \$1,088,205 to \$714,285, forty-seven items, representing \$371,920, being struck out. The bill together with the proclamation vetoing the various items which did not meet the approval of the Governor, were filed in the office of the secretary of state Saturday. The two largest items vetoed are \$107,500 to pay off state bonds and \$90,000 for erection of extensor building of A. & M. College. Other A. & M. College items vetoed are \$25,000 for equipping mechanical engineer building and \$10,000 to repair and remodel Gathright Hall used as boys' dormitory.

Governor Neff gave the following reasons for the vetoes: "The bill which is herewith filed and which is by this proclamation in a large part vetoed; is what is known as the Emergency bill. In my opinion, a large number of the items disapproved are not emergencies viewed from any angle and for that reason are vetoed. Such items should be placed in the general appropriation bill to be later enacted. A considerable number should be permitted not stand in this or any other bill and for that reason are vetoed: Some are for raising salaries and creating new places and should not under present conditions be approved; and some are for making appropriations to certain departments that have extravagantly spent the annual appropriation previously made and therefore the so-called emergency appropriation should not be made as an indorsement and encouragement in respect to the department's spending money beyond allowances made. Many of the items vetoed are small items, but the state government should practice economy in small expenditures as well as in large ones. Two months ago today, I entered the governor's office and in this brief space of time, although confronted with duties demanding my constant attention, which prevented me familiarizing myself with the details of the workings of the respective departments of the state government, I have observed a waste of money in our institutions and departments of government that is appalling. In opposition to this spirit of extravagance and for the reasons above set forth, I have seen fit to eliminate from this bill the items indicated aggregating the sum of \$371,000 this, the 19th day of March, 1921.

Capitol Repairs Deferred
The items vetoed follow: To repair steps at West End Capitol, \$1,200.

To repair and paint dome of capitol, \$12,000.

For outside painting of windows and doors of capitol, \$2,700.

General inside repairs to capitol, \$20,000.

To pay off state bonds numbers 1, 3, 10, 11 state of Texas, \$107,500.

To supplement appropriation of \$2,000 heretofore made for monument to Joanna Troutman, \$2,200.

To rebuild barn to replace one destroyed by fire, epileptic colony, \$5,000.

For new roof on power plant, epileptic colony, \$6,500.

For traveling expenses for parole work, \$500.

For repairs and improvements, Deaf, Dumb and Blind for colored, \$500.

To supplement salaries, Deaf, Dumb and Blind Asylum for colored, \$1,144.

To pay state's part for hard surfacing street in front of Confederate Home property, \$153.

Satutory, Juvenile Training School, \$150.

Books and school supplies, Juvenile Training School, \$500.

To purchase Ford delivery car, State Orphan's Home, \$600.

For repairs, etc., Texas School for the Blind, \$500.

Supplies for laundry, Texas School for the Blind, \$250.

Books for library, State Library, \$500.

Furniture and fixtures, insurance and banking department, \$1,500.

Employment of physicians and expenses incident to examination, industrial accident board, \$750.

For salary of one stenographer for six months at \$125 per month, industrial accident board, \$750.

For one extra clerk for six months at \$100 per month, industrial accident board, \$600.

For traveling expenses of high school supervision department of education, \$1,100.

For repairing roofs on buildings at Camp Mabry adjutant general's department, \$1,500.

For lining vault, state treasury department, \$25,000.

For cement curb for driveway in park and to repair concrete fence, Fannin State Park, \$1,750.

To erect a fence around Keeper's cottage, tool house, and for other repairs Fannin State Park, \$500.

Concrete floor for pavilion San Jacinto Jacinto State Park, \$300.

To build wharf 240 feet long, San Jacinto Park, \$3,500.

To construct open shed in park, San Jacinto Park, \$3,500.

Entire appropriation made to the game, fish and oyster commission of Texas, \$3,624.

For general overhauling, repairs and refinishing governor's mansion, \$5,000.

Traveling expenses of commissioner or representatives outside of the state department of agricultural, \$200.

For fire protection, Grubbs Vocational College, \$4,000.

For maintenance of steam plant, Prairie View Normal, \$20,000.

Inside improvements, John Tarlton College, \$500.

Farm fencing, John Tarlton College, \$1,000.

For equipping mechanical engineer-

FREIGHT CONFERENCE IS SOUGHT IN DALLAS

Washington, March 21.—A conference between traffic officials with power to act, and shippers of fruits and vegetables from the lower Rio Grande and Eastern Texas districts, to be held in Dallas, March 28, was today suggested in telegrams to the carriers by the Interstate Commerce Commission, as a means of reaching a rate agreement under which that traffic can be moved.

A conference was held recently at San Antonio when the high rates on fruits and vegetables were discussed and the later conference between shippers and traffic officials held in St. Louis. At the latter place the carrier representatives declined to agree to a rate reduction, and have prepared a statement of the situation for the commission here. Representatives of the interests in Washington have shown that rates on these commodities are increased 100 per cent, compared with those before the war, and as result vegetables in South Texas are rotting because shipment under existing tariffs can not profitably be made.

The adjustment sought for fruits and vegetables with the support of the Field State Commission, is in line with the agreement reached a few days ago, with reference to the spring movements of Western live stock. The fact that the situation should be treated as an economic in place of a tariff situation has been urged upon both the carriers and the Interstate Commission. The latter has moved a conference through which relief could be afforded without delay. An application filed with the commission for reduction in the schedules would mean time consuming hearings, and otherwise putting the case through the usual channels with destruction of the crop before action could be secured, appearing inevitable.

Some traffic officials are said to regard the situation created by the horizontal percentage increase in rates, without regard to individual adjustments as responsible for the lack of business moving by rail, and would welcome some way to meet it, were it not for the fear of undermining the whole system of rate making.

It is stated that any adjustment as to fruits and vegetables applicable in Texas would find similar affect in other truck and fruit producing localities, such as California, the gulf coast of Florida. Arkansas is included in Eastern Texas for which a conference is requested at Dallas as indicated but as to other sections it is said, the situation is not dissimilar from that found in Texas.

PHOSPHATE DISCOVERED IN LARGE AREA OF TEXAS

(Special to the Eagle)

Austin, Tex., March 21.—Discovery that phosphate nodules exists in a geological formation which covers a large area of Texas has just been made by Miss Hedwig Kniker, assistant in the Bureau of Economic Geology and Technology of the University of Texas. These nodules were found only forty feet beneath the surface in a test oil well that is being drilled near La Coste, 21 miles west of San Antonio. They were sent to Dr. J. A. Udden, director of the Bureau of Economic Geology and Technology to be tested. The examination was made by Miss Kniker and confirmed by Dr. Udden. Until a more complete analysis has been made of the rock it will not be known how high it runs in phosphate. Dr. Udden stated, however, that even should it run as low as 30 per cent it would be of commercial value, provided, of course, the stratum in which it is found is of sufficient width. How wide this formation is has not yet been determined.

"These phosphate nodules were found in the midway formation of the Eocene and is the first phosphate to be found in that formation in the United States," Dr. Udden said. "It is perhaps significant, however, that in the French possessions of Northern Africa one of the largest deposits of phosphate now being worked in the world is in identically the same formation as that near La Coste from which these nodules were taken. The midway formation of the Eocene is a comparatively narrow strip that runs from Waco to the Rio Grande."

If the nodules exist in commercial quantities the discovery may be of vast importance to Texas. For many years enormous quantities of phosphate have been imported annually from Florida and Tennessee for fertilizer use in this state. The fertilizer is in great demand by Bermuda onion growers, truck farmers generally and by cotton planters in some parts of the state.

ing building, A. & M. College, \$25,000.

For the erection of extension building to be complete, the A. & M. College, \$90,000.

To repair and remodel Gathright Hall to be used as boys' dormitory. A. & M. College, \$10,000.

Vocational home economics, Southwest Texas Normal College, \$3,000.

For cafeteria, Sam Houston Normal Institute, \$608.

Three emergency clerks at \$100 per month at one half time, comptroller's department, \$1,000.

Salaries of two special examiners for seven months to be under the supervision of the chief auditor of the comptroller's office, \$2,800.

Traveling expenses of same, comptroller's department, \$2,000.

For traveling expenses of traveling inspector of the commission in the discharge of official duties rendered the public by the railroads, railroad commission, \$1,575.

For stationery, printing and publishing, markets and warehouse department, \$1,500.

CHAMBER OF COMMERCE HAS A PLAN TO BUILD POTATO CURING PLANT

The board of directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning at 10 o'clock President Tyler Haswell in the chair and Secretary S. E. Eberstadt at the desk. Present were: Tyler Haswell, Jno. A. Moore, Jr., Major L. L. McInnis, W. H. Cole, C. L. Beason, T. K. Lawrence, J. D. Martin, Lee J. Rountree, M. E. Wallace, J. Webb Howell, Oak McKenzie, Sam B. Wilson, D. L. Wilson, J. N. Dulaney, Judge H. O. Ferguson, E. A. Miller of A. and M. College, City Manager E. E. McAdams and Secretary S. E. Eberstadt.

E. A. Miller, representing the sweet potato curing plant construction under the direction of A. and M. College was invited by President Haswell to address the board of directors. Mr. Miller gave many interesting facts regarding the building of curing plants of 5,000 to 10,000 bushels making the cost of curing about 10 cents per bushel. He said that about 100 bushels of potatoes to the acre would be an average. Mr. Miller stated that the time had come when the potato crop should be cured to make the product marketable. After general discussion the question was referred to Chairman J. D. Martin, of the Agricultural Committee for action. Three citizens present agreed to subscribe \$500 of the amount for a \$4,000 plant.

The letter of State Banking and Insurance Commissioner Ed Hall regarding the proposed credit on the insurance rate on account of the good fire record at Bryan to City Manager E. E. McAdams, for action. Secretary Eberstadt was instructed further to write to Mr. Hall and express the appreciation of the Chamber of Commerce for his interest in the matter.

Chairman D. L. Wilson of the Highway Committee, reported that Brazos county had made an agreement with A. T. Towler, of Benchley, to secure gravel from his pit near Benchley to build the shoulders on the Bryan-College road. County Judge H. O. Ferguson added to this report by stating that this needed work would have been done sooner but for the washout of four bridges in different sections of the county which has kept the road crew and trucks busy but that the work will be done just as soon as they could get to it. The Towler gravel has been pronounced first class by the A. & M. College report.

Mayor J. M. Lawrence, chairman of the special committee on the College-Bryan Telephone service, stated that a meeting of the full committee with the telephone officials would be held Tuesday afternoon and the adjustment of the questions at issue seemed probable. The committee had held several meetings having under consideration an early settlement satisfactory to all concerned.

Quite a number of subjects of general interest were discussed by Major L. L. McInnis, Sam B. Wilson, Oak McKenzie, Mayor Jno. M. Lawrence, President Haswell, W. H. Cole, C. L. Beason, J. Webb Howell, Judge H. O. Ferguson, D. L. Wilson, J. D. Martin and others and at 11:20 the meeting adjourned until next Tuesday morning.

GOVERNOR NEFF IS STILL IN DOUBT ON APPROPRIATIONS

(Special to the Eagle)
Austin, Tex., March 22.—President R. E. Vinson, of the State University, today stated to Governor Neff if the approval of the \$1,350,000 appropriation to buy additional land for the University would endanger the \$4,000,000 Rural School Aid bill and the \$3,000,000 Common school Aid bill that he urged the Governor to veto the University land appropriation. President Vinson was originally in favor of moving the University from the present site to the Brackenridge 500-acre plot of land on the Colorado over five miles from Austin.

Governor Neff still has under advisement the signing of appropriations amounting to \$8,400,000 passed by the regular session and is now considering the veto of all the amounts and passing the whole question up to the special session of the legislature in June. Governor Neff has several days to review the whole question.

BURNING RATS CAUSE COTTON FIRE LOSSES

Rockdale, Texas, March 22.—Ablaze from flames caused by an exploded gasoline tank, rats ran from the barn of H. G. Sanders, a Milan county farmer, and dashed into a cotton storage warehouse containing ten bales of cotton, setting it afire. The rats ran out of their dens in the barn directly into the cotton and it was soon in flames and destroyed, as well as the barn, the loss being fully \$2,000. The cotton was covered by insurance, but there was none on the barn and contents.

NEW TYPE SEAPLANE INVENTED AS WARSHIP

(By Associated Press)

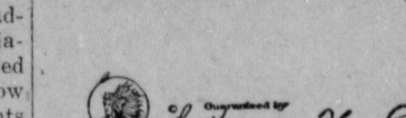

London, March 22.—The details of an entirely new type of seaplane, which can either fly or cruise as a warship has been announced here. Two of these ships being built for air to minister to vessels is said to be much like small ships with wings added. They are larger and stronger than any sea-going aircraft yet constructed, each carry a crew of seven with emplacements for five machine guns.

FOR SALE—A separator, practically new and in good shape. Address C. M. M. care the Eagle.

RAT-SNAP
KILLS RATS
Better Than Traps For Rats
Writes Adams Drug Co., Texas
They say: "RAT-SNAP is doing the work and the rat undertakers are as busy as pop corn on a hot stove." Try it on your rats. RAT-SNAP is a "money back" guaranteed sure killer. Comes ready for use; no mixing with other foods. Cats and dogs won't touch it. Rats dry up and leave no smell. Three sizes: 85c for one room; 65c for house or chicken yard; \$1.25 for barns and outbuildings. Start killing rats today.

DALLAS WOMAN ON OLD MURDER CHARGE IS AGAIN ARRESTED

(By Associated Press)

Dallas, March 22.—After search of several months, Mrs. Ida Valera Ott, charged with killing her husband, Andrew Ott, of Joplin, Missouri, on a Dallas street in December, 1919 is again in Dallas county jail. She was located in Shreveport, La., yesterday having failed to make bond today. She was out under \$5,000 bail pending an appeal on conviction and sentence of two years in Texas penitentiary.

FOR SALE—Walking cultivator, good as new. \$25.00. G. E. Madeley, Route 4. Two miles below college.

SHERIFF'S NOTICE OF ELECTION—The State of Texas, County of Brazos: Notice is hereby given that an election will be held on the 26th day of March 1921, at Knob Prairie School House in Common School District No. 23 of this county as established by order of the County Board Trustees of this county, to date the 1st day of November, which is recorded in Book 1 page 3 of Record School District, to determine whether a majority of the legally qualified property taxpayers of that district desire the issuance of bonds on the faith and credit of said Common School District, in the amount of \$1500.00, the bonds to be of the denomination of \$75.00 each, numbered consecutively from 1 to 20, both inclusive, payable 20 years from their date, and bearing 5 per cent interest per annum, payable annually on April 1st of each year, to provide funds to be expended in payment of accounts legally contracted in the construction and equipment of a school building constructed of wood and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually, while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district, shall be entitled to vote at said election. Said election was ordered by the Court, Judge of this county by order made on the 21st day of February, 1921, and this notice is given in pursuance of said order. Dated the 21st day of February, 1921. F. E. MORRHEAD, Sheriff Brazos County, Texas.

MEMBER OF THE ASSOCIATED PRESS

Now that Clara Smith-Hamon has been cleared for killing Jake Hamon why not forget her and let her go her way in peace. The movie screen is no place for Clara Hamon to be flaunted before the girls of the country. The movie picture concerns had better take warning and not turn public condemnation against them. The Eagle makes the suggestions as the friend of the movies and they had better take heed.

Some of the hotel men of Texas want a law putting a man in prison who gives them a bogus check for hotel charges. That's good as no criminal ought to escape. But many of the city hotels are in the highway men's class and it is about as fair for a man to steal one way as the other. But of course it is wrong for the customers of the hotels to steal and the sooner all reform the better. It ought not to take the strong arm of law to cause men to reform but it seems that it is the case in these two instances.

The Dallas News says: "Others can use whatever excuse they please, but personally we propose to blame all of our misfortune on the Federal Reserve Banks." That's fine. When the propagandists told you that gasoline would be 75 cents per gallon and none to be had and you contracted for it at high prices and are now paying the penalty of your foolishness it may be some consolation to charge it to the Reserve Banks. In the meantime go to work.

When it costs more to market our products than we can get for them it is time for the railroads and the profiteers to reform their way of doing business, peaceably, if possible. A peach sells for 1 cent in Sulphur Springs and when it is served to the ultimate consumer the price is advanced to 3,500 per cent. That seems a little high and as these exorbitant prices are practically applied to everything, the halting day has about arrived.

HEAVY CUT N LABOR ON SOUTHERN PACIFIC RAILROAD LINES

(Special to the Eagle) Houston, Tex., March 22.—Approximately 1760 employees of the Southern Pacific shops at Houston will be involved in an 80 per cent cut of forces which will become effective with the close of March 23, according to a bulletin posted at the shops Saturday.

It was stated at the office of J. A. Power, superintendent of motive power, that the cut is only temporary, but no time has been designated for again increasing the forces, it was said. The reduction is not in the nature of a layoff but a straight out reduction. As to the matter of reinstating the men it was said that it is the custom of the company to give former employees preference when the forces are to be recruited.

The cut is not directed at any particular branching of trades but is distributed among all crafts of shopmen, both skilled and unskilled. This reduction will leave approximately 1400 men employed at the Houston shops where prior to the cut there were 2200.

While talk of the deduction of forces has been current in railroad circles the Southern Pacific is first to give notice of such reductions and it is thought that others will soon follow and that perhaps the cut will extend to other employees than shopmen. From some sources it has been confidentially stated that it may even reach men holding semi-official positions and who have been in the service of the companies for considerable periods of time. One official stated that a reduction would be necessary as a retrenchment movement.

The reduction of forces follows closely the proposed cut in salaries of all unskilled laborers and in some instances extending to skilled workmen. The Southern Pacific is the exception in this latter provision and this company also proposes a change in working conditions, going back to the basis of December 31, 1917.

COLD WEATHER HAS NOT YET KILLED FRUIT AND VEGETABLES

(By Associated Press)

Dallas, March 22.—There is freezing weather in the early fruit and truck growing section of Texas and improbable result from the sudden drop in temperature lately. The local weather bureau announced today that while cold accompanied by snow and sleet in the Panhandle, parts of West Texas and further southeast where vegetables and fruit are in an advanced stage the thermometer did not register below 40 last night.

TEXAS CATTLEMEN WILL ORGANIZE NEW MARKETING ASSN.

Fort Worth, Texas, March 22.—The personnel of the new executive committee of the Texas and Southwestern Cattle Raisers Association, as appointed by President W. W. Turney of El Paso, has been received at Fort Worth headquarters of the organization. The board now consist of fifty men. The list was revised in accordance with the terms of the recent merger of the Texas Association with the Panhandle and Southwestern organization, so as to give larger representation to the section covered by that body.

Accordingly most of the new members are from Southwest Texas, with a few from Arizona, New Mexico and Kansas City, Mo. Men connected with the State government in any way were omitted, including B. Youngblood, in charge of experiment station work of A. & M. College and J. E. Boog-Scott, chairman of the Live-stock Commission.

Following are the new members: E. W. McKenzie, El Paso; F. P. Moore, Douglas, Ariz.; J. N. Robinson, Douglas, Ariz.; T. A. Spencer, Carrizo, N. M.; R. H. Martin, Sonora, Texas; R. P. Field, Victoria, Texas; L. C. Brite, Marfa, Texas; W. L. Amontett, Sierre Blanca, Texas; W. Anderson, Pecos, Texas; J. S. Dorsey, Kansas City, Mo.; C. O. Finley, Valentine, Texas, and W. P. Fisher, Marfa, Texas.

Those reappointed are: R. R. Russell, San Antonio; W. E. Weatherbee, Del Rio; F. S. Hastings, Stamford; H. M. Stonebraker, Kansas City, Mo.; Ewing Hassell, Vinita, Okla.; T. M. Pyle, Longfellow; H. C. Hardin, Amarillo; C. M. Newman, El Paso; P. L. Childress, Ozona; C. E. Shults, Llano; G. D. Scott, Houston; D. H. Snyder Jr., Colorado; J. L. Borromu, Cedar Vale, Kan.; G. R. White, Brady; A. S. Sage, San Antonio; H. D. Mendel, Fort Stockton; Jax M. Cowden, Midland; C. T. Herring, Amarillo; Oliver Loving, Jernmy; J. C. McGill, Alice; J. W. Corn, Fort Worth; J. G. Childers, Temple; R. H. Harris, San Angelo; Walter Schreiner, Kerrville; K. N. Haggood, Henrietta; William Penderexter, Cleburne; W. J. Lewis, Clearendon; S. E. McKnight, Sonora; C. C. Slaughter, Dallas; M. G. Stewart, Dalhart; H. L. Kokernot, San Antonio; T. D. Hobart, Pampa; Ed L. Mears, Menard; Henry Edds, Hebbronville; J. M. Dobie, Cotulla; R. L. Pettus, Goliad.

The details of the consolidation of the two cattlemen's association have been worked out, it is stated by A. C. Williams, assistant secretary, who has returned from San Antonio with the records of the Panhandle and the Southwestern Association.

It is announced that when the new directors meets in Fort Worth in June a committee of eleven will be appointed by President Turney to perfect the organization of a livestock selling agency, as authorized by the San Antonio convention. Attorneys of the association will in the meantime cooperate with the Texas Farm Bureau Federation in the drafting of articles of incorporation under the cooperating marketing act passed by the recent Legislature. This law was one of the few constructive laws passed by the legislature and was introduced by Representatives Davis of Dallas; Rountree of Brazos; Williams of McLennan and Stevenson of Victoria. The law is known as the California Marketing bill and will be known throughout the United States.

MRS. BARRY WRITES ON HOME ECONOMICS WEEK

Austin Tex., March 22.—In a recent letter Mrs. Maggie W. Barry, chairman of the Home Economics Division of the General Federation of Women's Clubs, heartily endorses the work of the annual Home Economics week at the University of Texas, to be held this year on March 21 to 25 inclusive. She says in part:

"The annual Home Economics week to be held at the University of Texas is of such unusual interest to homemakers that every woman seeking a wider knowledge and better understanding of the problems of home-making and citizenship should arrange to attend. Able speakers and specialists will tell of what the state government is doing to help solve our house-keeping problems. Then there will be about the knotty budget problem; better and cheaper methods of buying food; something of the artistic side of wress and home building as well as the practical, technical side. There will also be helpful suggestions for recreation and home reading. This is an inestimable service our University is giving to the women in the home."

In addition to the day-time programs for the week, arrangements are being made for recreational evenings for the benefits of visitors during the week. The Home Economics department has announced, also, that it will assist delegates and other visitors in obtaining rooms near the University. As a supplement to the lectures and discussions, a most comprehensive exhibit is being arranged, and will be on display in the Home Economics building throughout the week, with members of the faculty and students of the department in attendance to explain details and answer any questions.

How Would You Like to See What Irvin Nerhood (Pa.) Saw?

"One customer told me that after using one large package of Rat-Snap, he got FORTY-EIGHT dead rats. How many more dead he couldn't see, he doesn't know. Remember rats breed fast and destroy dollars' worth of property."—35c, 65c, \$1.25.

GOV. NEFF SLASHES THE A. & M. COLLEGE EMERGENCY BILL

Austin, Tex., March 22.—Governor Neff used his blue pencil vigorously on the emergency appropriation bills passed by the recent regular session of the legislature and trimmed it from \$1,088,205 to \$714,285, forty-seven items, representing \$371,920, being struck out. The bill together with the proclamation vetoing the various items which did not meet the approval of the Governor, were filed in the office of the secretary of state Saturday. The two largest items vetoed are \$107,500 to pay off state bonds and \$90,000 for erection of extension building of A. & M. College. Other A. & M. College items vetoed are \$25,000 for equipping mechanical engineer building and \$10,000 to repair and remodel Gathwright Hall used as boys' dormitory.

Governor Neff gave the following reasons for the vetoes: "The bill which is herewith filed and which is by this proclamation in a large part vetoed; is what is known as the Emergency bill. In my opinion, a large number of the items disapproved are not emergencies viewed from any angle and for that reason are vetoed. Such items should be placed in the general appropriation bill to be later enacted. A considerable number should be permitted not stand in this or any other bill and for that reason are vetoed; Some are for raising salaries and creating new places and should not under present conditions be approved; and some are for making appropriations to certain departments that have extravagantly spent the annual appropriation previously made and therefore the so-called emergency appropriation should not be made as an endorsement and encouragement in respect to the department's spending money beyond allowances made. Many of the items vetoed are small items, but the state government should practice economy in small expenditures as well as in large ones. Two months ago today, I entered the governor's office and in this brief space of time, although confronted with duties demanding my constant attention, which prevented me familiarizing myself with the details of the workings of the respective departments of the state government, I have observed a waste of money in our institutions and departments of government that is appalling. In opposition to this spirit of extravagance and for the reasons above set forth, I have seen fit to eliminate from this bill the items indicated aggregating the sum of \$371,000 this, the 19th day of March, 1921.

Capitol Repairs Deferred

The items vetoed follow: To repair steps at West End Capitol, \$1,200. To repair and paint dome of capitol, \$12,000.

For outside painting of windows and doors of capitol, \$2,700. General inside repairs to capitol, \$20,000.

To pay off state bonds numbers 1, 3, 10, 11 state of Texas, \$107,500. To supplement appropriation of \$2,000 heretofore made for monument to Joanna Troutman, \$2,286.

To rebuild barn to replace one destroyed by fire, epileptic colony, \$5,000.

For new roof on power plant, epileptic colony, \$6,500.

For traveling expenses for parole work, \$500.

For repairs and improvements, Deaf, Dumb and Blind for colored, \$500.

To supplement salaries, Deaf, Dumb and Blind Asylum for colored, \$1,144.

To pay state's part for hard surfacing street in front of Confederate Home property, \$153.

Stationery, Juvenile Training School, \$150.

Books and school supplies, Juvenile Training School, \$500.

To purchase Ford delivery car, State Orphan's Home, \$600.

For repairs, etc., Texas School for the Blind, \$500.

Supplies for laundry, Texas School for the Blind, \$250.

Books for library, State Library, \$500.

Furniture and fixtures, insurance and banking department, \$1,500. Employment of physicians and expenses incident to examination, industrial accident board, \$750.

For salary of one stenographer for six months at \$125 per month, industrial accident board, \$750.

For one extra clerk for six months at \$100 per month, industrial accident board, \$600.

For traveling expenses of high school supervision department of education, \$1,100.

For repairing roofs on buildings at Camp Mabry adjutant general's department, \$1,500.

For lining vault, state treasury department, \$25,000.

For cement curb for driveway in park and to repair concrete fence, Fannin State Park, \$1,750.

To erect a fence around Keeper's cottage, tool house, and for other repairs Fannin State Park, \$500. Concrete floor for pavilion San Jacinto State Park, \$300.

To build wharf 240 feet long, San Jacinto Park, \$3,500.

To construct open shed in park, San Jacinto Park, \$3,500.

Entire appropriation made to the game, fish and oyster commission of Texas, \$3,624.

For general overhauling, repairs and refinishing governor's mansion, \$5,000.

Traveling expenses of commissioner or representatives outside of the state department of agricultural, \$200.

For fire protection, Grubbs Vocational College, \$4,000.

For maintenance of steam plant, Prairie View Normal, \$20,000.

Inside improvements, John Tarleton College, \$500.

Farm fencing, John Tarleton College, \$1,000.

For equipping mechanical engineer-

FREIGHT CONFERENCE IS SOUGHT IN DALLAS

Washington, March 21.—A conference between traffic officials with power to act, and shippers of fruits and vegetables from the lower Rio Grande and Eastern Texas districts, to be held in Dallas, March 28, was today suggested in telegrams to the carriers by the Interstate Commerce Commission, as a means of reaching a rate agreement under which that traffic can be moved.

A conference was held recently at San Antonio when the high rates on fruits and vegetables were discussed and the later conference between shippers and traffic officials held in St. Louis. At the latter place the carrier representatives declined to agree to a rate reduction, and have prepared a statement of the situation for the commission here. Representatives of the interests in Washington have shown that rates on these commodities are increased 100 per cent, compared with these before the war, and as result vegetables in South Texas are rotting because shipment under existing tariffs can not profitably be made.

Adjustment Is Sought The adjustment sought for fruits and vegetables with the support of the Field State Commission, is in line with the agreement reached a few days ago, with reference to the spring movements of Western live stock. The fact that the situation should be treated as an economic in place of a tariff situation has been urged upon both the carriers and the Interstate Commission. The latter has moved a conference through which relief could be afforded without delay. An application filed with the commission for reduction in the schedules would mean time consuming hearings, and otherwise putting the case through the usual channels with destruction of the crop before action could be secured, appearing inevitable.

Some traffic officials are said to regard the situation created by the horizontal percentage increase in rates, without regard to individual adjustments as responsible for the lack of business moving by rail, and would welcome some way to meet it, were it not for the fear of undermining the whole system of rate making.

It is stated that any adjustment as to fruits and vegetables applicable in Texas would find similar affect in other truck and fruit producing localities, such as California, the gulf coast of Florida. Arkansas is included in Eastern Texas for which a conference is requested at Dallas as indicated, but as to other sections it is said, the situation is not dissimilar from that found in Texas.

PHOSPHATE DISCOVERED IN LARGE AREA OF TEXAS

(Special to the Eagle)

Austin, Tex., March 21.—Discovery that phosphate nodules exists in a geological formation which covers a large area of Texas has just been made by Miss Hedwig Kniker, assistant in the Bureau of Economic Geology and Technology of the University of Texas. These nodules were found only forty feet beneath the surface in a test oil well that is being drilled near La Coste, 21 miles west of San Antonio. They were sent to Dr. J. A. Udden, director of the Bureau of Economic Geology and Technology to be tested. The examination was made by Miss Kniker and confirmed by Dr. Udden. Until a more complete analysis has been made of the rock it will not be known how high it runs in phosphate. Dr. Udden stated, however, that even should it run as low as 30 per cent it would be of commercial value, provided, of course, the stratum in which it is found is of sufficient width. How wide this formation is has not yet been determined.

"These phosphate nodules were found in the midway formation of the Eocene and is the first phosphate to be found in that formation in the United States," Dr. Udden said. "It is perhaps significant, however, that in the French possessions of Northern Africa one of the largest deposits of phosphate now being worked in the world is in identically the same formation as that near La Coste from which these nodules were taken. The midway formation of the Eocene is a comparatively narrow strip that runs from Waco to the Rio Grande." If the nodules exist in commercial quantities the discovery may be of vast importance to Texas. For many years enormous quantities of phosphate have been imported annually from Florida and Tennessee for fertilizer use in this state. The fertilizer is in great demand by Bermuda onion growers, truck farmers generally and by cotton planters in some parts of the state.

ing building, A. & M. College, \$25,000. For the erection of extension building to be complete, the A. & M. College, \$90,000.

To repair and remodel Gathwright Hall to be used as boys' dormitory, A. & M. College, \$10,000.

Vocational home economics, Southwest Texas Normal College, \$3,000. For cafeteria, Sam Houston Normal Institute, \$608.

Three emergency clerks at \$100 per month at one half time, comptroller's department, \$1,000.

Salaries of two special examiners for seven months to be under the supervision of the chief auditor of the comptroller's office, \$2,800.

Traveling expenses of same, comptroller's department, \$2,000.

For traveling expenses of traveling inspector of the commission in the discharge of official duties rendered the public by the railroads, railroad commission, \$1,575.

For stationery, printing and publishing, markets and warehouse department, \$1,500.

CHAMBER OF COMMERCE HAS A PLAN TO BUILD POTATO CURING PLANT

The board of directors of the Bryan and Brazos County Chamber of Commerce met Tuesday morning at 10 o'clock President Tyler Haswell in the chair and Secretary S. E. Eberstadt at the desk. Present were: Tyler Haswell, Jno. A. Moore, Jr., Major L. L. McInnis, W. H. Cole, C. L. Beason, T. K. Lawrence, J. D. Martin, Lee J. Rountree, M. E. Wallace, J. Webb Howell, Oak McKenzie, Sam B. Wilson, D. L. Wilson, J. N. Dulaney, Judge H. O. Ferguson, E. A. Miller of A. & M. College, City Manager E. E. McAdams and Secretary S. E. Eberstadt.

E. A. Miller, representing the sweet potato curing plant construction under the direction of A. and M. College was invited by President Haswell to address the board of directors. Mr. Miller gave many interesting facts regarding the building of curing plants of 5,000 to 10,000 bushels making the cost of curing about 10 cents per bushel. He said that about 100 bushels of potatoes to the acre would be an average. Mr. Miller stated that the time had come when the potato crop should be cured to make the product marketable. After general discussion the question was referred to Chairman J. D. Martin, of the Agricultural Committee for action. Three citizens present agreed to subscribe \$500 of the amount for a \$4,000 plant.

The letter of State Banking and Insurance Commissioner Ed Hall regarding the proposed credit on the insurance rate on account of the good fire record at Bryan to City Manager E. E. McAdams, for action. Secretary Eberstadt was instructed further to write to Mr. Hall and express the appreciation of the Chamber of Commerce for his interest in the matter.

Chairman D. L. Wilson of the Highway Committee, reported that Brazos county had made an agreement with A. T. Towler, of Benchley, to secure gravel from his pit near Benchley to build the shoulders on the Bryan-College road. County Judge H. O. Ferguson added to this report by stating that this needed work would have been done sooner but for the washout of four bridges in different sections of the county which has kept the road crew and trucks busy but that the work will be done just as soon as they could get to it. The Towler gravel has been pronounced first class by the A. & M. College report.

Mayor J. M. Lawrence, chairman of the special committee on the College-Bryan Telephone service, stated that a meeting of the full committee with the telephone officials would be held Tuesday afternoon and the adjustment of the questions at issue seemed probable. The committee had held several meetings having under consideration an early settlement satisfactory to all concerned.

Quite a number of subjects of general interest were discussed by Major L. L. McInnis, Sam B. Wilson, Oak McKenzie, Mayor Jno. M. Lawrence, President Haswell, W. H. Cole, C. L. Beason, J. Webb Howell, Judge H. O. Ferguson, D. L. Wilson, J. D. Martin and others and at 11:20 the meeting adjourned until next Tuesday morning.

GOVERNOR NEFF IS STILL IN DOUBT ON APPROPRIATIONS

(Special to the Eagle)

Austin, Tex., March 22.—President R. E. Vinson, of the State University, today stated to Governor Neff if the approval of the \$1,350,000 appropriation to buy additional land for the University would endanger the \$4,000,000 Rural School Aid bill and the \$3,000,000 Common school Aid bill that he urged the Governor to veto the University land appropriation. President Vinson was originally in favor of moving the University from the present site to the Brackenridge 500-acre plot of land on the Colorado over five miles from Austin.

Governor Neff still has under advisement the signing of appropriations amounting to \$8,400,000 passed by the regular session and is now considering the veto of all the amounts and passing the whole question up to the special session of the legislature in June. Governor Neff has several days to review the whole question.

BURNING RATS CAUSE COTTON FIRE LOSSES

Rockdale, Texas, March 22.—Ablaze from flames caused by an exploded gasoline tank, rats ran from the barn of H. G. Sanders, a Milam county farmer, and dashed into a cotton storage warehouse containing ten bales of cotton, setting it afire. The rats ran out of their dens in the barn directly into the cotton and it was soon in flames and destroyed, as well as the barn. The loss being fully \$2,000. The cotton was covered by insurance, but there was none on the barn and contents.

NEW TYPE SEAPLANE INVENTED AS WARSHIP

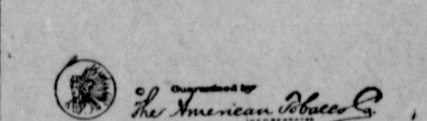

(By Associated Press)

London, March 22.—The details of an entirely new type of seaplane, which can either fly or cruise as a warship has been announced here. Two of these ships being built for air to minister to vessels is said to be much like small ships with wings added. They are larger and stronger than any sea-going aircraft yet constructed, each carry a crew of seven with emplacements for five machine guns.

FOR SALE—A separator, practically new and in good shape. Address C. M. M. care the Eagle.

RAT-SNAP
KILLS RATS
Better Than Traps For Rats
Writes Adams Drug Co., Texas
They say: "RAT-SNAP is doing the work and the rat undertakers are as busy as pop corn on a hot stove." Try it on your rats. RAT-SNAP is a "money back" guaranteed rat killer. Comes ready for use; no mixture with other foods. Cats and dogs won't touch it. Rats die up and leave no smell. Three sizes: 35c for one room; 65c for house or chicken yard; \$1.25 for barns and outbuildings. Start killing rats today.

DALLAS WOMAN ON OLD MURDER CHARGE IS AGAIN ARRESTED

(By Associated Press)

Dallas, March 22.—After search of several months, Mrs. Ida Valera Ott, charged with killing her husband, Andrew Ott, of Joplin, Missouri, on a Dallas street in December, 1919 is again in Dallas county jail. She was located in Shreveport, La., yesterday having failed to make bond today. She was out under \$5,000 bail pending an appeal on conviction and sentence of two years in Texas penitentiary.

FOR SALE—Walking cultivator, good as new. \$25.00. G. E. Madeley, Route 4. Two miles below college.

SHERIFF'S NOTICE OF ELECTION—The State of Texas, County of Brazos: Notice is hereby given that an election will be held on the 26th day of March 1921, at Knob Prairie School House in Common School District No. 23 of this county as established by order of the County Board Trustees of this county, of date the 1st day of November, which is recorded in Book 1 page 3 of Record School District, to determine whether a majority of the legally qualified property taxpayers voters of that district desire the issuance of bonds for the purchase and credit of said Common School District, in the amount of \$1500.00, the bonds to be of the denomination of \$5.00 each, numbered consecutively from 1 to 20, both inclusive, payable 20 years from date, and bearing 5 per cent interest per annum, payable annually on April 1st of each year, to provide funds to be expended in payment of accounts legally contracted in the construction and equipment of a school building constructed of wood and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually, while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity. All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district, shall be entitled to vote at said election. Said election was ordered by the County Judge of this county by order made on the 1st day of February, 1921, and this notice is given in pursuance of said order. Dated the 2nd day of February, 1921. T. E. WORTHHEAD, Sheriff Brazos County, Texas. For job printing phone 36.

Buy Your Goods in Bryan

We have now received our stock of Spring and Summer Dry Goods, Clothing, Shoes, Hats, etc., and have gotten our prices down to such low prices that you don't have to buy from catalogue houses, but can buy them as cheap from us as you can from the catalogue houses. We presume that you would rather buy your goods from your home merchant than to send off for them, provided you can buy them as cheap. In trading with us you have the opportunity of seeing the quality of the goods before buying them. Below we quote you prices on a few of the good things we have to offer you:

Good Dress Gingham, beautiful patterns	13½c
Extra Dress Gingham, beautiful patterns	17½c
Good Apron Gingham	14c
Good Brown Domestic	12½
Best Brown Domestic	15c

Bring this list with you, we have the goods at these prices; goods that will give you satisfaction.

We could buy goods that we could sell you cheaper than the above prices, but they would not give you satisfaction.

WEBB BROS.

GOVERNOR NEFF MAY VETO ENTIRE STATE APPROPRIATION BILL

Question Is Raised At Austin That the Rural Aid, University Land Bill and Others Will Be Vetoed and Sent To the Special Session—\$8,400,000 Involved.

(Special to the Eagle)

Austin, Texas, March 21.—Sixty-five local bills passed at the regular session of the Thirty-seventh legislature were filed Saturday by Governor Neff in the secretary of state's department without the signature of the chief executive. This virtually clears the governor's desk of local measures and places him in position to give serious consideration next week to the general bills which are awaiting executive action. While the governor has given no intimation as to what he proposes to do with the University of Texas expansion bill, the two school appropriation measures and the West Texas A. and M. College bill, there seems to be a general impression that certain of these measures are destined to be disapproved. The University bill carries an appropriation of \$1,350,000, the rural school bill \$4,000,000 and the bill supplementing available school fund, \$3,000,000. The West Texas College bill carries \$50,000 to purchase land. This is to be followed by a demand to locate and build a co-education (for boys and girls) school under direction of the present A. & M. College directors at Bryan.

Representative Rountree, of Brazos county, held a conference with Governor Neff Saturday regarding certain building improvements at A. & M. College including a Mechanical Building to cost \$150,000, which Governor Neff agreed to and approved the bill. Governor Neff, however, held that the \$25,000 for equipment was not an emergency and could come up in the regular appropriation bill in June. Representative Rountree had passed at the regular session an Emergency appropriation of \$90,000 for an Extension office building at College and \$10,000 for the improvement of Gathwright Hall. These items Governor Neff held should go over to the regular appropriation bill for adjustment. "In securing the special appropriations of \$125,000 for A. & M. College under an emergency Representative Rountree says the House and Senate passed them without a vote against them. But Governor Neff holds that perhaps it is better to veto the entire special program and assemble the legislature to pass on all the expenses of the state. There is in sight a deficiency of \$6,000,000 under the present revenues unless taxes on oil, gas, lumber and other products are raised. The revenues for two years cannot reach over \$30,000,000 and with appropriation aggregating \$36,000,000 in view there is a crisis ahead." When asked by the Associated Press what he thought Governor Neff would do this week he said: "The problem to pass on \$8,400,000 in special appropriation is a serious question now and the governor is weighing the matter with deliberation. The question is squarely up to his judgment as to whether or not he will veto the entire program and let it go to the legislature for readjustment in June. I am banking on Governor Neff doing what he believes to be right in the crisis now confronting Texas and her institutions which must all be supported. We must preserve our present institutions."

The Austin Statesman today says: "No indications has as yet come from the Governor as to what he proposes to do with the various educational measures awaiting his action. These measures include the University of Texas expansion bill carrying an appropriation of \$1,350,000; the West Texas A. and M. College bill, which carries \$50,000; the rural school bill, which has an appropriation of \$4,000,000 for the next two fiscal years and the bill carrying \$3,000,000 to supplement the available school fund for the scholastic year of 1921-22."

"Since the Legislature adjourned a week ago, the Governor has been besieged with delegations urging him to approve the University bill, but to these it appears the Governor has not committed himself. It is said he has also received a number of telegrams from over the state from those interested in the welfare of the school, advocating its approval. As both branches of the Legislature passed the bill by almost unanimous votes, the Governor may decide to let it become a law without his signature."

As to the other school measures, they involve an expenditure of over \$7,000,000 and it is known that the state treasury is not in such a flourishing condition as obtained two years ago. Besides the Legislature did not make any provision for increasing the revenue of the state. The Governor may disapprove these measures and recommend the special session that the amounts be trimmed or else that steps be taken to increase the revenue of the state."

RAMSEY OF A. & M. SHOWS UP WELL IN THE WRESTLING MEET

(Special to the Eagle)

College Station, Texas, March 21.—R. H. Ramsey, the Farmer heavyweight grappler, who went to Des Moines last week as the guest of the Oklahoma University matmen, returned yesterday after having competed against some of the best wrestlers of the west. The following account is submitted by Lester, Oklahoma University coach:

"In his final match Pontius (R. H. Ramsey) clashed with Polly Wallace Ames all-American center, and in the first 17 second grappled a head and arm chancery on the Valley champion, pinning his shoulders to the mat. Wallace managed to get a foot off the mat and succeeded in staving off a fall although he was down for the count of four. The referee brought the contestants to the center of the ring, and broke Ramsey's hold, giving a body hold instead of the headlock and arm chancery which was the original hold. Wallace managed to keep Ramsey from getting a vice like grip again. For the rest of two bouts the match was a draw. In the third bout after sixteen minutes of work, Ramsey tried for another headlock but slipped over Wallace's perspiring neck and Wallace got the drop, holding it for several minutes, and so gained a close decision on points after averting a fall on a referee's decision. Ramsey says Wallace is a clean sportsman throughout."

FORT WORTH THIEVES RETURN ALL VALUABLES

(By Associated Press)

Fort Worth, March 21.—Jewelry, Liberty bonds and cash, amounting to \$15,000 was stolen Sunday night from a Main street store and was returned at dawn today after police had been warned twice by telephone that booty would be placed back in the store. Efforts to trace the telephone calls failed.

COURTESY IN HONOR OF MRS. HUBBARD

Circle No. 2 entertained all the other circles of the Baptist Ladies' Auxiliary this afternoon from 4 to 6 o'clock at the tabernacle, the occasion being the regular monthly missionary program day, which is taken in turn by the various circles of the auxiliary. The occasion was also a social courtesy to Mrs. T. B. Hubbard, one of the faithful and beloved members of Circle No. 2 who is soon to leave Bryan to make her home in Houston. The fact of her going away was the only thing of sadness to this delightful affair, for with beautiful decorations, delicious refreshments and a splendid program the occasion was most enjoyable. Mrs. Hubbard during her residence in Bryan has always been one of the faithful workers in the Auxiliary, and it is with universal regret that her co-workers bade her goodbye. As a token of love, the members of Circle No. 2, this afternoon presented to Mrs. Hubbard a beautiful sandwich tray, Mrs. E. Kennedy making the presentation speech.

A large crowd of ladies was present, and the following program was given: Hymn, "Help Somebody Today"; Scripture reading, Romans 5; Mrs. J. B. Sanders: Prayer, Mrs. J. G. Minkert; Violin duet, Nina Ferguson and Richard Grant; Paper "The Immigrant at our door," Mrs. R. B. Fountain; Piano solo, Miss Mary Lillie Fountain; Reading "Starless Crowns," Mrs. W. C. Fountain; Vocal solo, Mrs. A. L. Ward; Presentation of gift to Mrs. Hubbard, Mrs. E. Kennedy; Closing prayer, Dr. John A. Held.

RAIN, SNOW AND SLEET IS REPORTED IN THE PANHANDLE

(By Associated Press)

Childress, March 21.—Needed rains covered northwest Texas and the panhandle last night and today. Farmers declare moisture insures splendid growth of grain. Sleet and snow is reported in parts of the Panhandle.

EVANGELIST DELAY PREACHES TO LARGE AUDIENCES SUNDAY

SERVICES 10 A. M. AND 7:30 P. M. SPECIAL SERVICE FOR WOMEN ONLY THURSDAY, 3 P. M.

The revival services at the Methodist church have grown in interest until each service on Sunday, the church was filled to overflow and many were turned away. The meeting will continue through all of next week with services from 10 to 11 o'clock in the morning and 7:30 in the evenings. Evangelist Delay will preach a special sermon to women only Thursday afternoon from 3 to 4 o'clock, his subject, "Mother, Home and Heaven," and he is very desirous that every woman in Bryan and College hear this sermon. He suggested that he hoped it would be made possible for every high school girl and girl down town to hear this sermon.

The Sunday morning subject was "Tithing" and one of the most powerful sermons yet preached by Evangelist Delay. He took his text from Malachi 3rd Chapter. "Will a man rob God? Yet ye have robbed me. But ye say, wherein have we robbed thee? In tithes and offering." "Bring ye all the tithes unto the storehouse, that there may be meat in mine house and prove me now herewith, said the Lord of hosts, if I will not open you the windows of heaven and pour you out a blessing that there shall not be room enough to receive it." "And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground."

Evangelist Delay opened his sermon by asking every one present if they believed what was in the bible, if so to raise their hand and not one failed to do so. With this assurance he then in a forceful, masterful and convincing way pierced home to the hearts of his hearers the truthfulness of his message, that any man who did not bring in the tithe was robbing God. At the close of his sermon he announced that he wanted to shake the hand of all those who tithed and those who would pledge themselves to tithe from that day forward and several hundred went forward.

Sunday night Evangelist Delay preached to an immense congregation which crowded the church filling the gallery and many went away. He declared that God said men were "fools" who did not obey his law. "I do not say this without God's own authority," the evangelist said. He pressed the statement beyond any reasonable doubt and called men and women to repentance. He declared that religion must first be paramount in the churches of Bryan before it would meet the issues for dying humanity in Bryan and Brazos county. This was one of his strongest appeals and at the close many came forward and scores of others asked for prayer. Evangelist Delay announces that this coming week must count for God.

BRYAN SUNDAY SCHOOL ATTENDANCE INCREASE

The weekly report of the Bryan Sunday Schools is getting to be interesting reading matter, and the fact that every Sunday new pupils are added to every school give the joyful assurance that as time goes on the reports will be more and more interesting. The largest number in attendance yet reported was 1010, but yesterday's total went beyond that number, with a general total of 1115. The reports of the various secretaries give the following figures: First Baptist, attendance, 326, contribution \$16.01; Methodist, 290, \$11.54; Presbyterian, 132, \$9.25; Free Baptist, 64, \$3.28; Christian, 79; Episcopal 44, \$182; Catholic, 180. Total 1115.

COTTON CROP OVER 13 MILLION BALES

(By Associated Press)

Washington, March 21.—The production of cotton exclusive of linters for 1921 amounted to 12,197,775 running bales counting round half bales or 13,393,754 equivalent to 500 pound bales according to final ginning reports of the season issued today by the census bureau. Texas led with 4,080,197 bales. South Carolina second with 1,639,470. The crop is largest since 1914 and sixth largest in the history of the country.

NO NEED FOR STRIKES IN THE UNITED STATES

(By Associated Press)

Washington, March 21.—Spokesmen for packers employes today presented their side of the dispute with employers over wages and working conditions at conference today with Secretary Davis of the department of labor. This preceded a joint conference at which Secretary Hoover of department of commerce and Secretary Wallace of department of agriculture, sat with labor secretary Davis. Secretary Davis said he planned to call freely upon Hoover and Wallace for advice.

ESCH AND DAVIS ARE GIVEN APPOINTMENTS

Washington, March 22.—John J. Esch, former Representative from Wisconsin, was given recess appointment as member interstate commerce commission by President Harding. Dwight Davis, of St. Louis, was given recess appointment as director of war finance corporation today.

Remember the real slogan: "Buy in Bryan."

NEW LIFE FOR THE LIVE STOCK INDUSTRY IN BRAZOS COUNTY

"The live stock industry in Brazos county," reports County Agent C. L. Beason "is taking on new life not only among the enthusiastic club members, but among the farmers generally." Throughout the county one can hear farmers, farm women and children talking about turning their attention more to standard bred poultry, pure-bred and registered hogs and cattle.

As a result of this increase of interest in live stock it is believed that in the near future signs may be seen placed along all thoroughfares inviting tourists to stop and inspect the pure breeds of Brazos county. To foster this enterprise and help put Brazos county first a pure bred live stock association will be organized in the county soon. In this connection it might be of interest to state that recent market reports show that on January 1, 1921 there were nearly ten million head less of live stock than on January 1 preceding.

REVIVAL MEETING OF NEW CHAPEL IN PROGRESS

It is reported to the Eagle by Price Collins (colored) that a great revival meeting is now on at New Chapel Baptist church conducted by the pastor, Rev. S. E. Diggs, of Bryan, assisted by Rev. C. Roberson, Rev. M. B. Saul of Bryan and Rev. G. F. Curry of San Antonio. Rev. Saul preached a very strong and soul stirring sermon last night the subject being "You must be born again to see the Kingdom of God." John 3:3. Subject for tonight is "If God be God, serve him; if Baal be God, serve him."

AN INCREASE IS DUE STATE OFFICIALS SAYS REP. ROUNTREE

(Special to the Star-Telegram)

Austin, March 21.—That the people should ratify the proposed amendment to the Constitution providing for an increase in the salaries of the Governor, Attorney General, State Treasurer, Secretary of State and members of the Legislature, is the opinion of Representative Lee J. Rountree of Bryan, who was here Saturday conferring with Governor Neff.

Representative Rountree is particularly interested in that feature of the proposed amendment which proposes to prolong the regular session of the Legislature to 120 days and fixing the pay for members at \$10 a day. With Representative Moore of Hunt county, he placed this amendment on the Senate resolution by Senator Page and was appointed on the free conference committee by Speaker Thomas. "The adoption of this amendment to the State constitution," said Representative Rountree, "will not affect me personally, as I shall not be in the legislature when it takes effect if the people approve it. But I do know that I would never agree that members of the legislature shall serve for a paltry salary and attempt to transact business orderly in sixty days. This was reasonable in 1876 when the present constitution was adopted and there were seven state institutions; 700,000 people and only \$500,000 to appropriate in taxes and no public utilities or cities in Texas. Now we have \$5,000,000 people, sixty state institutions, \$80,000,000 to appropriate and multitudinous interests. We must meet the new conditions in Texas with new and up-to-date business methods. We must proceed orderly and in a parliamentary manner in this state in legislative matters so that the Governor will not be forced to use the veto power so often."

ATTORNEY GENERAL CURETON RAISES AN IMPORTANT QUESTION

(Special to the Eagle)

Austin, Texas, March 21.—In filing his answer Saturday in the federal court for the Western district of Texas in the recent rate injunction suits, Attorney General Cureton held that the increased wages awarded to railroad employes by the railroad board are null and void and that the action of the interstate commerce commission granting a raise in Texas railroad rates and taking these raises in wages into consideration for such action was unconstitutional and void. He further held that sections 300 to 316 of the 1920 transportation act are unconstitutional and void and that the raises were granted by virtue of these sections on that account. The raise in freight and passenger rates at this time is regarded as almost a public calamity as they will stop shipping and farm products will rot in the fields and passenger travel will be greatly curtailed. The railroads will lose more than they will gain and it will mean the laying off of thousands of men in Texas. Freight and passenger rates are too high in Texas.

VALUE IS PUT ON THE LIVES OF FIREMEN AND SWITCHMEN

(By Associated Press)

Washington, March 22.—Decisions of Texas courts valuing the life of a locomotive fireman at \$40,000 and switchman at \$22,500 will stand as the result of the refusal of the supreme court today to review them.

REVIVAL SERVICES CONTINUE ALL WEEK

The revival meeting at the First Methodist church will continue through the week with services each morning at 10 o'clock and 7:30 p.m. Now this don't forget. Evangelist Delay will preach Thursday afternoon at 3:00 o'clock to women only, on "Mother, Home and Heaven." He is desirous that every woman hear this sermon and he hopes the business men will make it possible for every woman in their employee to be present. He also wants every high school girl there. Before beginning his sermon he announced that he wanted every Christian man and woman in the audience to remain after the benediction had been pronounced for just three or four minutes, as he wanted to talk with them. "This week in Bryan must count for God," he said. No man or woman who remained for the conference could have left the meeting not feeling more keenly their personal responsibility in making this week in Bryan count for God.

Evangelist Delay read a part of the 27th chapter of Matthew for the lesson and dramatically pictured the trial of Jesus before Pontius Pilate and the howling mob that clamored "Let him be crucified." "When Pilate saw that he could prevail nothing, but that rather a tumult was made, he took water and washed his hands before the multitude, saying, I am innocent of the blood of this just person; see ye to it." "Then answered all the people, and said His blood be on us and on our children." And it has been up to this good hour said Evangelist Delay. "Any man or woman who has not accepted Jesus Christ as their personal Saviour and serving Him in bringing about the Kingdom of God on earth" is a member of that howling mob crying "Let Him be crucified," he said. With all the force that human man directed by God could put it to burning, piercing words, Rev. Delay sent these arrows of truth shooting home into the hearts of his hearers. While there was little demonstration manifested at the close of the sermon yet one could look into the faces of the men and women present and know that they were stirred to action and the results of this great sermon will live long in the hearts of men and women and will count for God in Bryan in the remaining few days of this revival meeting.

DROUTH IS SERIOUS ON THE RIO GRANDE

Laredo Texas, Mar. 22.—The drouth is causing considerable apprehension here, as it has not rained for many months and the ranges are practically bare of grasses. Cattlemen are worried over the outlook, especially as the low market price for beef cattle prevents them realizing on their herds and saving loss in weight from the drouth.

Feeding has cost considerable here as the dry season extends for some distance there is no benefit in sending the "feeder" stock away for fattening. Farms that are not irrigated have poor prospects for the spring season and the only farmers that have made any money in this section are those where the Rio Grande furnishes the much needed waters.

A. HOWAT IS STILL ABLE TO CALL STRIKE

(By Associated Press)

Pittsburg, Kas., March 22.—The strike of a hundred and fifty coal miners called by Alexander Howat and Kansas miners union executive committee in defiance of the court of industrial relations and injunction of Judge Curran of county district court, went into effect today.

TABOR NEWS ITEMS.

Tabor, March 22.—An excellent program was rendered at the High School last Friday night by pupils of the several schools, consisting of songs, readings, dialogues and plays, to an appreciative audience that filled every niche of room; quite a few not being able to even get in the house. On such occasions one can readily see the need of a large auditorium.

At the Interscholastic Athletic meet on the 19th our basketball team won the championship over College Consolidated by a score of 19 to 15; our senior girls won by default as no other team was presented to contest. Our girls were much disappointed as they much preferred the championship by contest. The girls have not been defeated this season.

As we understand it Tabor is now entitled to the loving cup which has been held by the Harvey team for two or three years.

Our boys and girls also won several first places in other feats of the contest such as running, jumping and seven second places. Although they had not trained in anything but the basketball, the others just being "picked up." These classes are showing excellent standing in their school work also.

Tabor community will entertain the County Sunday School convention at the high school on the 3rd Sunday in April. (The Eagle would suggest to our correspondent that when wiretype are given that names be used which fact creates more interest in all affairs.—Editor).

PRESBYTERIAN WOMEN OF COLLEGE HOSTESSES

Circle No. 4 at College was hostess Monday afternoon to all the women of the Presbyterian church at College and Bryan in the Y. M. C. A. building at four o'clock. Beautiful and appropriate decorations emphasized the nearness of Easter as did the excellent Easter program. Mrs. R. M. Sherwood lead the program and much credit is due Mrs. Woods, president of the circle for the splendid success. Following the delightful program the ladies remained for a social half hour and visited over the tea tables.

THE BRAZOS COUNTY FARM BUREAU HOLDS MEETING SATURDAY

Every farmer in Brazos county who is interested in profitable farming should make it a point to be at the court house in Bryan promptly at 2 o'clock Saturday to attend the meeting of the Brazos County Farm Bureau. There is no person in the world so vitally interested in the problems of the farmers as the farmer himself, and if you do not take any interest in finding a solution to your problems how can you expect others to do so?

Labor receives increased wages because labor organized and was capable of looking after the interests of labor. Business men make a profit because business men have organized and look after the interests of business men. The bankers, doctors, lawyers, etc., have long since learned that they must cooperate together for their mutual interest and that this can best be done through proper organization, then why should not the farmer, the key to all prosperity, cooperate through organization for the solution of his problems?

The United Cotton Growers Association has, as you doubtless know, been merged with the Farm Bureau and all members of this county organization are urged to be present at the meeting Saturday.

Prominent speakers will explain the functioning and possibilities of the Farm Bureau in solving the farmers' problems. While many questions of vital interest to rural prosperity will come up for consideration, Col. Clarence Ousley and Director T. O. Walton will address the meeting.

Every farmer and business man in the county should attend this meeting. E. U. PETERS, Pres. Brazos Co. Farm Bureau.

NO PARDONS ISSUED TO CONVICTS IN TEXAS DURING FEBRUARY

Austin, Texas, March 22.—No pardons were issued during the month of February and the number of State convicts increased by twenty-seven in that month. It is the first month in a long time that any such increase has been shown. There were 2,500 convicts on hand February 1 and on March 1 there were 2,527.

A total of fifty-seven convicts escaped in February, while fifty were recaptured in that month, a net loss of seven. Of the fifty-seven escapes twenty-eight were women from the Goree farm, one of the wholesale deliveries of the system. Of these twenty-four were recaptured. Some of the names listed for the women would indicate that they are incarcerated under aliases.

In February there were eighty-three new convicts received, one returned from parole, forty-six discharged, who died and two paroled. Of the deaths, one was in Rusk Insane Asylum and the other was from gunshot wound inflicted by a guard. There were 281 convicts in the Huntsville prison, twenty-two in insane asylum, 2,142 on State-owned farms and sixty-two on leased farms.

A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

CARDUI The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot outdoors. I can sure recommend Cardui."

Take Cardui today. It may be just what you need. At all druggists.

REMAINS OF ANCIENT MEXICAN CITY HAS BEEN DISCOVERED

(By Associated Press)

San Juan de Teotihuacan, Mexico, March 19.—Prospecting for the habitations of a lost race in virtually the same manner as miners dig for gold, federal employes here have just started to uncover the remains of a city of at least 100,000 inhabitants which flourished 4,000 or more years ago. Here and there over the confines of the buried city have been sunk shafts to find streets, houses and temples known to exist below the level of the mountain valley in which lies the little village of San Juan de Teotihuacan, the name of which means in the Aztec tongue, "City of the Gods."

The Mexican government has appropriated funds for this work of excavation which is in charge of Manuel Gamio, director of anthropology of the department of agriculture. The government hopes eventually to make the spot one of the show places of Mexico. Dominating the area are the two pyramids, one to the sun and the other to the moon, which for centuries have defied the efforts of archeologists and historians to trace their origin. The pyramid to the moon is still untouched, retaining an appearance to the lay eye of a huge mound of irregular shape, overgrown with grass and rubbish.

Senior Gamio says the city now under excavation at one time covered an area of 15 square miles with a population of more than 100,000. Its builders are unknown to history but, Sr. Gamio believes they were a portion of an Indian tribe which wandered into Mexico from the north and, finding the valley fruitful and the climate salubrious, decided to settle. The presence of volcanic rock as one of the top strata covering the ruins indicates that one of the nearby erupted and inundated the city with lava.

Entry to the grounds is made facing the Temple to the Goddess of the Winds, which was discovered less than a year ago, when erosion uncovered well defined walls and decorations typically Indian and Egyptian in their conception. This temple has now been dug out and reconstructed on the exterior. The inside is reached at present through a series of subterranean passages. Inside, the visitor trends over massive stairs with ornate decorations of huge serpents with obsidian eyes and grotesque conceptions reminiscent of Egyptian art. The work of interior excavation and reconstruction is far from complete.

Between the two pyramids is a well defined plaza on one side of which a street has been uncovered known as the "Path of the Dead." Flanking the plaza are hundreds of mounds which Sr. Gamio assured the correspondent contained either houses or temples. Immense stores of valuable archeological material have been taken from the various excavations. Human bones, terra cotta heads, obsidian knives, arrowheads, children's tops of clay, cooking utensils, incense burners and crude musical instruments form the bulk of the find and all are preserved in a museum which has just been erected on the grounds. The two pyramids, however, are the dominant structures of the city. The pyramid to the sun measures 761x721 feet at the base and is 216 feet high narrowing to a level summit.

Unlike the pyramids of Egypt with its huge jutting blocks of stone forming an endless stairs to the top, the sun pyramid is built with a smooth surface in five distinct tiers. Ascent is made by steps built into the side and to the uninitiated the undertaking is almost perilous because of the steep incline with no supporting balustrades. It differs from its Egyptian counterparts also in the respect that it contains no interior passages or rooms. The pyramid of the moon is smaller with a base measuring about 511x426 feet. It rises 151 feet with a crowning platform about 19 feet square.

In connection with his supervision of the excavations, Sr. Gamio has interested himself in the Indian life of the valley and one of his first efforts has been to establish schools with special attention paid to manual training. Originally, the valley contained 200,000 Indians, but these had been reduced to 20,000 in colonial days and now number less than 8,000. They earn but a poor living when crops are good and when there are failures, starvation and widespread death ensue. Groups of Indians at pottery making, a new industry in the valley, were evidence that a portion at least of Sr. Gamio's program is being carried out.

For job printing, that pleases, just

GOVERNOR NEFF MAY VETO ENTIRE STATE APPROPRIATION BILL

Question Is Raised At Austin That the Rural Aid, University Land Bill and Others Will Be Vetoed and Sent To the Special Session—\$8,400,000 Involved.

(Special to the Eagle)

Austin, Texas, March 21.—Sixty-five local bills passed at the regular session of the Thirty-seventh legislature were filed Saturday by Governor Neff in the secretary of state's department without the signature of the chief executive. This virtually clears the governor's desk of local measures and places him in position to give serious consideration next week to the general bills which are awaiting executive action. While the governor has given no indication as to what he proposes to do with the University of Texas expansion bill, the two school appropriation measures and the West Texas A. and M. College bill, there seems to be a general impression that certain of these measures are destined to be disapproved. The University bill carries an appropriation of \$1,350,000, the rural school bill \$4,000,000 and the bill supplementing available school fund, \$3,000,000. The West Texas College bill carries \$50,000 to purchase land. This is to be followed by a demand to locate and build a co-education (for boys and girls) school under direction of the present A. & M. College directors at Bryan.

Representative Rountree, of Brazos county, held a conference with Governor Neff Saturday regarding certain building improvements at A. & M. College including a Mechanical Building to cost \$150,000, which Governor Neff agreed to and approved the bill. Governor Neff, however, held that the \$25,000 for equipment was not an emergency and could come up in the regular appropriation bill in June. Representative Rountree had passed at the regular session an Emergency appropriation of \$90,000 for an Extension office building at College and \$10,000 for the improvement of Gathwright Hall. These items Governor Neff held should go over to the regular appropriation bill for adjustment. "In securing the special appropriations of \$125,000 for A. & M. College under an emergency Representative Rountree says the House and Senate passed them without a vote against them. But Governor Neff holds that perhaps it is better to veto the entire special program and assemble the legislature to pass on all the expenses of the state. There is in sight a deficiency of \$6,000,000 under the present revenues unless taxes on oil, gas, lumber and other products are raised. The revenues for two years cannot reach over \$30,000,000 and with appropriation aggregating \$36,000,000 in view there is a crisis ahead." When asked by the Associated Press what he thought Governor Neff would do this week he said: "The problem to pass on \$8,400,000 in special appropriation is a serious question now and the governor is weighing the matter with deliberation. The question is squarely up to his judgment as to whether or not he will veto the entire program and let it go to the legislature for readjustment in June. I am banking on Governor Neff doing what he believes to be right in the crisis now confronting Texas and her institutions which must all be supported. We must preserve our present institutions."

The Austin Statesman today says: "No indications has as yet come from the Governor as to what he proposes to do with the various educational measures awaiting his action. These measures include the University of Texas expansion bill carrying an appropriation of \$1,350,000; the West Texas A. and M. College bill, which carries \$50,000; the rural school law, which has an appropriation of \$4,000,000 for the next two fiscal years and the bill carrying \$3,000,000 to supplement the available school fund for the scholastic year of 1921-22."

"Since the Legislature adjourned a week ago, the Governor has been besieged with delegations urging him to approve the University bill, but to these it appears the Governor has not committed himself. It is said he has also received a number of telegrams from over the state from those interested in the welfare of the school, advocating its approval. As both branches of the Legislature passed the bill by almost unanimous votes, the Governor may decide to let it become a law without his signature."

As to the other school measures, they involve an expenditure of over \$7,000,000 and it is known that the state treasury is not in such a flourishing condition as obtained two years ago. Besides the Legislature did not make any provision for increasing the revenue of the state. The Governor may disapprove these measures and recommend the special session that the amounts be trimmed or else that steps be taken to increase the revenue of the state."

RAMSEY OF A. & M. SHOWS UP WELL IN THE WRESTLING MEET OF MRS. HUBBARD

(Special to the Eagle)

College Station, Texas, March 21.—R. H. Ramsey, the Farmer heavyweight grappler, who went to Des Moines last week as the guest of the Oklahoma University matmen, returned yesterday after having competed against some of the best wrestlers of the west. The following account is submitted by Lester, Oklahoma University coach:

"In his final match Pontius (R. H. Ramsey) clashed with Polly Wallace Ames all-American center, and in the first 12 second grappled a head and arm chancery on the Valley champion, pinning his shoulders to the mat. Wallace managed to get a foot off the mat and succeeded in staving off a fall although he was down for the count of four. The referee brought the contestants to the center of the ring, and broke Ramsey's hold, giving a body hold instead of the headlock and army chancery which was the original hold. Wallace managed to keep Ramsey from getting a vice like grip again. For the rest of two bouts the match was a draw. In the third bout after sixteen minutes of work, Ramsey tried for another headlock but slipped over Wallace's perspiring neck and Wallace got the drop, holding it for several minutes, and so gained a close decision on points after averting a fall on a referee's decision. Ramsey says Wallace is a clean sportsman throughout."

A large crowd of ladies was present, and the following program was given: Hymn, "Help Somebody Today"; Scripture reading, Romans 5, Mrs. J. B. Sanders; Prayer, Mrs. J. G. Minkert; Violin duet, Nina Ferguson and Richard Grant; Paper "The Immigrant at our door," Mrs. R. B. Grant; Piano solo, Miss Mary Lillie Fountain; Reading "Starless Crowns," Mrs. W. C. Fountain; Vocal solo, Mrs. A. L. Ward; Presentation of gift to Mrs. Hubbard, Mrs. E. Kennedy; Closing prayer, Dr. John A. Held.

Fort Worth, March 21.—Jewelry, Liberty bonds and cash, amounting to \$15,000 was stolen Sunday night from a Main street store and was returned at dawn today after police had been warned twice by telephone that booty would be placed back in the store. Efforts to trace the telephone calls failed.

Fort Worth, March 21.—Needed rains covered northwest Texas and the panhandle last night and today. Farmers declare moisture insures splendid growth of grain. Sleet and snow is reported in parts of the Panhandle.

EVANGELIST DELAY PREACHES TO LARGE AUDIENCES SUNDAY

SERVICES 10 A. M. AND 7:30 P. M. SPECIAL SERVICE FOR WOMEN ONLY THURSDAY, 3 P. M.

The revival services at the Methodist church have grown in interest until each service on Sunday, the church was filled to overflow and many were turned away. The meeting will continue through all of next week with services from 10 to 11 o'clock in the morning and 7:30 in the evenings. Evangelist DeLay will preach a special sermon to women only Thursday afternoon from 3 to 4 o'clock, his subject, "Mother, Home and Heaven" and he is very desirous that every woman in Bryan and College hear this sermon. He suggested that he hoped it would be made possible for every high school girl and girl down town to hear this sermon.

The Sunday morning subject was "Tithing" and one of the most powerful sermons yet preached by Evangelist DeLay. He took his text from Malachi 3rd Chapter. "Will a man rob God? Yet ye have robbed me. But ye say, wherein have we robbed thee? In tithes and offerings." "Bring ye all the tithes unto the storehouse, that there may be meat in mine house and prove me now herewith, said the Lord of hosts, if I will not open you the windows of heaven and pour you out a blessing that there shall not be room enough to receive it." "And I will rebuke the devourer for your sakes, and he shall not destroy the fruits of your ground."

Evangelist DeLay opened his sermon by asking every one present if they believed what was in the bible, if so to raise their hand and not one failed to do so. With this assurance he then in a forceful, masterful and convincing way pierced home to the hearts of his hearers the truthfulness of his message, that any man who did not bring in the tithe was robbing God. At the close of his sermon he announced that he wanted to shake the hand of all those who tithed and those who would pledge themselves to tithe from that day forward and several hundred went forward.

Sunday night Evangelist DeLay preached to an immense congregation which crowded the church filling the gallery and many went away. He declared that God said men were "fools" who did not obey his law. "I do not say this without God's own authority," the evangelist said. He pressed the statement beyond any reasonable doubt and called men and women to repentance. He declared that religion must first be paramount in the churches of Bryan before it would meet the issues for dying humanity in Bryan and Brazos county. This was one of his strongest appeals and at the close many came forward and scores of others asked for prayer. Evangelist DeLay announces that this coming week must count for God.

BRYAN SUNDAY SCHOOL ATTENDANCE INCREASE

The weekly report of the Bryan Sunday Schools is getting to be interesting reading matter, and the fact that every Sunday new pupils are added to every school give the joyful assurance that as time goes on the reports will be more and more interesting. The largest number in attendance yet reported was 1010, but yesterday's total went beyond that number, with a general total of 1115. The reports of the various secretaries give the following figures: First Baptist, attendance, 326, contribution \$16.01; Methodist, 290, \$11.54; Presbyterian, 132, \$9.25; Free Baptist, 64, \$3.28; Christian, 79; Episcopal 44, \$182; Catholic, 180. Total 1115.

COTTON CROP OVER 13 MILLION BALES

(By Associated Press) Washington, March 21.—The production of cotton exclusive of linters for 1921 amounted to 12,197,775 running bales counting round half bales or 13,393,754 equivalent to 500 pound bales according to final ginning reports of the season issued today by the census bureau. Texas led with 4,030,197 bales. South Carolina second with 1,639,470. The crop is largest since 1914 and sixth largest in the history of the country.

NO NEED FOR STRIKES IN THE UNITED STATES

(By Associated Press) Washington, March 21.—Spokesmen for packers employees today presented their side of the dispute with employers over wages and working conditions at conference today with Secretary Davis of the department of labor. This preceded a joint conference at which Secretary Hoover of department of commerce and Secretary Wallace of department of agriculture, sat with labor secretary Davis. Secretary Davis said he planned to call freely upon Hoover and Wallace for advice.

ESCH AND DAVIS ARE GIVEN APPOINTMENTS

Washington, March 22.—John J. Esch, former Representative from Wisconsin, was given recess appointment as member interstate commerce commission by President Harding. Dwight Davis, of St. Louis, was given recess appointment as director of war finance corporation today.

Remember the real slogan: "Buy it in Bryan."

NEW LIFE FOR THE LIVE STOCK INDUSTRY IN BRAZOS COUNTY

"The live stock industry in Brazos county," reports County Agent C. L. Beason "is taking on new life not only among the enthusiastic club members, but among the farmers generally." Throughout the county one can hear farmers, farm women and children talking about turning their attention more to standard bred poultry, purebred and registered hogs and cattle. As a result of this increase of interest in live stock it is believed that in the near future signs may be seen placed along all thoroughfares inviting tourists to stop and inspect the pure breeds of Brazos county. To foster this enterprise and help put Brazos county first a pure bred live stock association will be organized in the county soon. In this connection it might be of interest to state that recent market reports show that on January 1, 1921 there were nearly ten million head less of live stock than on January 1 preceding.

REVIVAL MEETING OF NEW CHAPEL IN PROGRESS

It is reported to the Eagle by Price Collins (colored) that a great revival meeting is now on at New Chapel Baptist church conducted by the pastor, Rev. S. E. Diggs, of Bryan, assisted by Rev. C. Robertson, Rev. M. B. Saul of Bryan and Rev. G. F. Curry of San Antonio. Rev. Saul preached a very strong and soul stirring sermon last night the subject being "You must be born again to see the Kingdom of God." John 3:3. Subject for tonight is "If God be God, serve him; if Bait be God, serve him."

AN INCREASE IS DUE STATE OFFICIALS SAYS REP. ROUNTREE

(Special to the Star-Telegram) Austin, March 21.—That the people should ratify the proposed amendment to the Constitution providing for an increase in the salaries of the Governor, Attorney General, State Treasurer, Secretary of State and members of the Legislature, is the opinion of Representative Lee J. Rountree of Bryan, who was here Saturday conferring with Governor Neff.

Representative Rountree is particularly interested in that feature of the proposed amendment which proposes to prolong the regular session of the Legislature to 120 days and fixing the pay for members at \$10 a day. With Representative Moore of Hunt county, he placed this amendment on the Senate resolution by Senator Page and was appointed on the free conference committee by Speaker Thomas. "The adoption of this amendment to the State constitution," said Representative Rountree, "will not affect me personally, as I shall not be in the legislature when it takes effect if the people approve it. But I do know that I would never agree that members of the legislature shall serve for a paltry salary and attempt to transact business orderly in sixty days. This was reasonable in 1876 when the present constitution was adopted and there were seven state institutions; 700,000 people and only \$500,000 to appropriate in taxes and no public utilities or cities in Texas. Now we have 5,000,000 people, sixty state institutions, \$30,000,000 to appropriate and multitudinous interests. We must meet the new conditions in Texas with new and up-to-date business methods. We must proceed orderly and in a parliamentary manner in this state in legislative matters so that the Governor will not be forced to use the veto power so often."

ATTORNEY GENERAL CURETON RAISES AN IMPORTANT QUESTION

(Special to the Eagle) Austin, Texas, March 21.—In filing his answer Saturday in the federal court for the Western district of Texas in the recent rate injunction suits, Attorney General Cureton held that the increased wages awarded to railroad employees by the railroad board are null and void and that the action of the interstate commerce commission granting a raise in Texas railroad rates and taking these raises in wages into consideration for such action was unconstitutional and void. He further held that sections 300 to 316 of the 1920 transportation act are unconstitutional and void and that the raises were granted by virtue of these sections on that account. The raise in freight and passenger rates at this time is regarded as almost a public calamity as they will stop shipping and farm products will rot in the fields and passenger travel will be greatly curtailed. The railroads will lose more than they will gain and it will mean the laying off of thousands of men in Texas. Freight and passenger rates are too high in Texas.

VALUE IS PUT ON THE LIVES OF FIREMEN AND SWITCHMEN

(By Associated Press) Washington, March 22.—Decisions of Texas courts valuing the life of a locomotive fireman at \$40,000 and switchman at \$22,500 will stand as the result of the refusal of the supreme court today to review them.

REVIVAL SERVICES CONTINUE ALL WEEK

The revival meeting at the First Methodist church will continue through the week with services each morning at 10 o'clock and 7:30 p.m. Now this don't forget. Evangelist DeLay will preach Thursday afternoon at 3:00 o'clock to women only, on "Mother, Home and Heaven." He is desirous that every woman hear this sermon and he hopes the business men will make it possible for every woman in their employ to be present. He also wants every high school girl there. Before beginning his sermon he announced that he wanted every Christian man and woman in the audience to remain after the benediction had been pronounced for just three or four minutes, as he wanted to talk with them. "This week in Bryan must count for God" he said. No man or woman who remained for the conference could have left the meeting not feeling more keenly their personal responsibility in making this week in Bryan count for God.

Evangelist DeLay read a part of the 27th chapter of Matthew for the lesson and dramatically pictured the trial of Jesus before Pontius Pilate and the howling mob that clamored "Let him be crucified." "When Pilate saw that he could prevail nothing, but that rather a tumult was made, he took water and washed his hands before the multitude, saying, I am innocent of the blood of this just person; see ye to it." "Then answered all the people, and said His blood be on us and on our children." And it has been up to this good hour said Evangelist DeLay. "Any man or woman who has not accepted Jesus Christ as their personal Saviour and serving Him in bringing about the Kingdom of God on earth" is a member of that howling mob crying "Let Him be crucified," he said. With all the force that human man directed by God could put it to burning, piercing words Rev. DeLay sent these arrows of truths shooting home into the hearts of his hearers. While there was little demonstration manifested at the close of the sermon yet one could look into the faces of the men and women present and know that they were stirred to action and the results of this great sermon will live long in the hearts of men and women and will count for God in Bryan in the remaining few days of this revival meeting.

DROUTH IS SERIOUS ON THE RIO GRANDE

Laerd Texas, Mar. 22.—The drouth is causing considerable apprehension here, as it has not rained for many months and the ranges are practically bare of grasses. Cattlemen are worried over the outlook, especially as the low market price for beef cattle prevents them realizing on their herds and saving loss in weight from the drouth.

Feeding has cost considerable here as the dry section extends for some distance there is no benefit in sending the "feeder" stock away for fattening. Farms that are not irrigated have poor prospects for the spring season and the only farmers that have made any money in this section are those where the Rio Grande furnishes the much needed waters.

A. HOWAT IS STILL ABLE TO CALL STRIKE

(By Associated Press) Pittsburg, Kas., March 22.—The strike of a hundred and fifty coal miners called by Alexander Howat and Kansas miners union executive committee in defiance of the court of industrial relations and injunction of Judge Curran of county district court, went into effect today.

TABOR NEWS ITEMS.

Tabor, March 22.—An excellent program was rendered at the High School last Friday night by pupils of the several schools, consisting of songs, readings, dialogues and plays, to an appreciative audience that filled every niche of room; quite a few not being able to even get in the house. On such occasions one can readily see the need of a large auditorium.

At the Interscholastic Athletic meet on the 19th our basketball team won the championship over College Consolidated by a score of 19 to 15; our senior girls won by default as no other team was presented to contest. Our girls were much disappointed as they much preferred the championship by contest. The girls have not been defeated this season.

As we understand it Tabor is now entitled to the loving cup which has been held by the Harvey team for two or three years.

Our boys and girls also won several first places in other feats of the contest such as running, jumping and seven second places. Although they had not trained in anything but the basketball, the others just being "picked up." These classes are showing excellent standing in their school work also.

Tabor community will entertain the County Sunday School convention at the high school on the 3rd Sunday in April. (The Eagle would suggest to our correspondent that when writeups are given that names be used which fact creates more interest in all affairs.—Editor.)

PRESBYTERIAN WOMEN OF COLLEGE HOSTESSES

Circle No. 4 at College was hostess Monday afternoon to all the women of the Presbyterian church at College and Bryan in the Y. M. C. A. building at four o'clock. Beautiful and appropriate decorations emphasized the nearness of Easter as did the excellent Easter program. Mrs. R. M. Sherwood lead the program and much credit is due Mrs. Woods, president of the circle for the splendid success. Following the delightful program the ladies remained for a social half hour and visited over the tea tables.

THE BRAZOS COUNTY FARM BUREAU HOLDS MEETING SATURDAY

Every farmer in Brazos county who is interested in profitable farming should make it a point to be at the court house in Bryan promptly at 2 o'clock Saturday to attend the meeting of the Brazos County Farm Bureau. There is no person in the world so vitally interested in the problems of the farmers as the farmer himself, and if you do not take any interest in finding a solution to your problems how can you expect others to do so?

Labor receives increased wages because labor organized and was capable of looking after the interests of labor. Business men make a profit because business men have organized and look after the interests of business men. The bankers, doctors, lawyers, etc., have long since learned that they must cooperate together for their mutual interest and that this can best be done through proper organization, then why should not the farmer, the key to all prosperity, cooperate through organization for the solution of his problems?

The United Cotton Growers Association has, as you doubtless know, been merged with the Farm Bureau and all members of this county organization are urged to be present at the meeting Saturday.

Prominent speakers will explain the functioning and possibilities of the Farm Bureau in solving the farmers' problems, while many questions of vital interest to rural prosperity will come up for consideration. Col. Clarence Ousley and Director T. O. Walton will address the meeting.

Every farmer and business man in the county should attend this meeting. E. U. PETERS, Pres. Brazos Co. Farm Bureau.

NO PARDONS ISSUED TO CONVICTS IN TEXAS DURING FEBRUARY

Austin, Texas, March 22.—No pardons were issued during the month of February and the number of State convicts increased by twenty-seven in that month. It is the first month in a long time that any such increase has been shown. There were 2,500 convicts on hand February 1 and on March 1 there were 2,527.

A total of fifty-seven convicts escaped in February, while fifty were recaptured in that month, a net loss of seven. Of the fifty-seven escapes twenty-eight were women from the Goree farm, one of the wholesale deliveries of the system. Of these twenty-four were recaptured. Some of the names listed for the women would indicate that they are incarcerated under aliases.

In February there were eighty-three new convicts received, one returned from parole, forty-six discharged, who died and two paroled. Of the deaths, one was in Rusk Insane Asylum and the other was from gunshot wound inflicted by a guard. There were 281 convicts in the Huntsville prison, twenty-two in insane asylum, 2,142 on State-owned farms and eighty-two on leased farms.

Entry to the grounds is made facing the Temple to the Goddess of the Winds," which was discovered less than a year ago, when erosion uncovered well defined walls and decorations typically Indian and Egyptian in their conception. This temple has now been dug out and reconstructed on the exterior. The inside is reached at present through a series of subterranean passages. Inside, the visitor treads over massive stairs with ornate decorations of huge serpents with obsidian eyes and grotesque conceptions reminiscent of Egyptian art. The work of interior excavation and reconstruction is far from complete.

Between the two pyramids is a well defined plaza on one side of which a street has been uncovered known as the "Path of the Dead." Flanking the plaza are hundreds of mounds which Sr. Gamio assured the correspondent contained either houses or temples. Immense stores of valuable archeological material have been taken from the various excavations. Human bones, terra cotta heads, obsidian knives, arrowheads, children's tops of clay, cooking utensils, incense burners and crude musical instruments form the bulk of the find and all are preserved in a museum which has just been erected on the grounds. The two pyramids, however, are the dominant structures of the city. The pyramid to the sun measures 761x721 feet at the base and is 216 feet high narrowing to a level summit.

Unlike the pyramids of Egypt with its huge jutting blocks of stone forming an endless stairs to the top, the sun pyramid is built with a smooth surface in five distinct tiers. Ascent is made by steps built into the side and to the uninitiated the undertaking is almost perilous because of the steep incline with no supporting balustrades. It differs from its Egyptian counterparts also in the respect that it contains no interior passages or rooms. The pyramid of the moon is smaller with a base measuring about 511x426 feet. It rises 151 feet with a crowning platform about 19 feet square.

In connection with his supervision of the excavations, Sr. Gamio has interested himself in the Indian life of the valley and one of his first efforts has been to establish schools with special attention paid to manual training. Originally, the valley contained 200,000 Indians, but these had been reduced to 20,000 in colonial days and now number less than 8,000. They earn but a poor living when crops are good and when there are failures, starvation and widespread death ensue. Groups of Indians at pottery making, a new industry in the valley, were evidence that a portion at least of Sr. Gamio's program is being carried out.

REMAINS OF ANCIENT MEXICAN CITY HAS BEEN DISCOVERED

(By Associated Press) San Juan de Teotihuacan, Mexico, March 19.—Prospecting for the habitations of a lost race in virtually the same manner as miners dig for gold, federal employes here have just started to uncover the remains of a city of at least 100,000 inhabitants which flourished 4,000 or more years ago. Here and there over the confines of the buried city have been sunk shafts to find streets, houses and temples known to exist below the level of the mountain valley in which lies the little village of San Juan de Teotihuacan, the name of which means in the Aztec tongue, "City of the Gods."

The Mexican government has appropriated funds for this work of excavation which is in charge of Manuel Gamio, director of anthropology of the department of agriculture. The government hopes eventually to make the spot one of the show places of Mexico. Dominating the area are the two pyramids, one the sun and the other to the moon, which for centuries have defied the efforts of archeologists and historians to trace their origin. The pyramid to the moon is still untouched, retaining an appearance to the lay eye of a huge mound of irregular shape, overgrown with grass and rubbish.

Senior Gamio says the city now under excavation at one time covered an area of 15 square miles with a population of more than 100,000. Its builders are unknown to history but, Sr. Gamio believes they were a portion of an Indian tribe which wandered into Mexico from the north and, finding the valley fruitful and the climate salubrious, decided to settle. The presence of volcanic rock as one of the top strata covering the ruins indicates that one of the nearby erupted and inundated the city with lava.

Entry to the grounds is made facing the Temple to the Goddess of the Winds," which was discovered less than a year ago, when erosion uncovered well defined walls and decorations typically Indian and Egyptian in their conception. This temple has now been dug out and reconstructed on the exterior. The inside is reached at present through a series of subterranean passages. Inside, the visitor treads over massive stairs with ornate decorations of huge serpents with obsidian eyes and grotesque conceptions reminiscent of Egyptian art. The work of interior excavation and reconstruction is far from complete.

Between the two pyramids is a well defined plaza on one side of which a street has been uncovered known as the "Path of the Dead." Flanking the plaza are hundreds of mounds which Sr. Gamio assured the correspondent contained either houses or temples. Immense stores of valuable archeological material have been taken from the various excavations. Human bones, terra cotta heads, obsidian knives, arrowheads, children's tops of clay, cooking utensils, incense burners and crude musical instruments form the bulk of the find and all are preserved in a museum which has just been erected on the grounds. The two pyramids, however, are the dominant structures of the city. The pyramid to the sun measures 761x721 feet at the base and is 216 feet high narrowing to a level summit.

Unlike the pyramids of Egypt with its huge jutting blocks of stone forming an endless stairs to the top, the sun pyramid is built with a smooth surface in five distinct tiers. Ascent is made by steps built into the side and to the uninitiated the undertaking is almost perilous because of the steep incline with no supporting balustrades. Mr. and Mrs. Joe Sample were in Bryan today from Tabor.

Dr. Mark Francis of College was here today on business.

H. W. BORING, a well-to-do Kansas farmer, says he has gained twenty pounds and is in better health than he has been in years, since taking Tanlac.

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straight-forward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kans.

During the two years I suffered I tried everything I knew of to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing seemed to agree with me; in fact, I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the small of my back so bad at times I could hardly move around. "My nerves were all unstrung and I would become upset at the least little thing. I seldom slept well at night and finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend half hour or more clearing up my head.

"This is just the condition I was in when I began taking Tanlac and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the first. My digestion now is perfect and regardless of what I eat I never suffer any bad after-effects.

"The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous and rest well at night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times."

Tanlac is sold in Bryan by N. A. Stewart and leading druggists.

"Do Rate Talk to Each Other?" Asks Mr. M. Batt, R. I.

"I got five cakes of Rat-Snap and three pieces around feed store. Got about half a dozen dead rats a day for two weeks. Suddenly they got fewer. Now we haven't any. Who told them about Rat-Snap?" Rats dry up and leave no smell. Three sizes: 5c, 15c, 25c.

Sold and guaranteed by E. J. Jenkins Co., Parker-Astin, Co. A. M. Waldrop Co.

"A HOME INSTITUTION"

GOV. NEFF MAY VETO MONUMENT BILL

(Special Dallas Times-Herald)
Austin, Texas, March 22.—While in Austin Saturday Representative Rountree conferred with the governor regarding the bill appropriating \$30,000 for the erection of a monument in the capital grounds to memory of the Texas soldiers, sailors and marines who lost their lives in the World War. The governor, Mr. Rountree said, after the conference, did not give much encouragement as to the approval of the measure. It was explained by Mr. Rountree that the monument is to cost much more than the amount appropriated, but the remainder is to be made up by private subscription through the American Legion which is expected to be erected on the capital grounds at the head of Congress avenue. It was the purpose of Representative Rountree, Faubion and Teer to build the most imposing monument in the south under the direction of a commission of three citizens in Texas to be appointed by the governor to serve without pay.

BERGDOLL CASE IS NOW INTERNATIONAL

(By Associated Press)
Washington, March 24.—The papers in the war department relating to the case of Grover Cleveland Bergdoll, the escaped American draft evader now in Germany, were transmitted to state department today by direction of Secretary Weeks with request that it be considered from an international view point.

KERRVILLE TITLE GOOD

(By Associated Press)
Austin, Texas, March 22.—After examination of abstract the attorney general's department today announced the title to Kerrville sanitarium property is good. The department also reached the conclusion that when majority of the American Legion Posts of Texas have authorized state commander and adjutant to do so the deed may be executed by these officials transferring property to state. Recently the legislature appropriated \$1,500,000 to take over this sanitarium for the American Legion.

SUFFERING?

Most of the pain we suffer is unnecessary. Why continue to endure it—to sacrifice your youth, beauty, and enjoyment to it?

The combination of simple harmless medicines found in Dr. Miles' Anti-Pain Pills is especially effective in relieving pain without bad after-effects.

For more than thirty-five years sufferers from headache, neuralgia, backache, toothache, sciatica and pains from other causes have found relief by taking these pills.

Why don't you try them?
